Poughkeepsie
CITY SCHOOL DISTRICT

Dear Poughkeepsie City School District Parents, Students, Employees and Partners,

Welcome to the 2024-25 school year! The start of classes is always the most exciting time of the entire year.

Elevating Student Success continues to be the core focus of the Poughkeepsie City School District. Through an evidenced-based approach that involves collaboration between school, home and community, and the district’s Five-Year Strategic Plan, remarkable things are happening every day throughout the district.

From student stage and theatrical performances to all elementary schools being designated as “Good Standing” last year, there are truly exciting things occurring in the Poughkeepsie City School District that demonstrate student success is being elevated.

This year’s calendar includes information about the district’s Arts Education initiative, key dates and district contract information – including school addresses and phone numbers and important parent notifications.

I and the entire Poughkeepsie City School District staff look forward to working with you this year. We are committed to this journey of providing our students with greater opportunity and access to high-quality learning experiences that will support them to identify, explore and maximize their potential.

We appreciate your commitment and ongoing support.

Yours in Education,

Dr. Eric Jay Rosser
Superintendente de Escuelas

From fresh paints and brushes, to laptops for graphic design programs, to largescale renovations of auditoriums, the Poughkeepsie City School District is investing in the arts education of its students.

In the past two academic years, the district has established a Comprehensive Arts Education Plan, hired additional faculty to guarantee all schools have full-time art and music teachers serving all grade levels, restructured its administration to create a role focused on overseeing the arts, and launched a graduation pathway in the visual arts, among other innovations. This fall, the district makes another stride forward with the launch of its Smart Scholars Early College High School Performing Arts Program.

The district’s goal is to ensure universal access to all students to experience a quality arts education, by providing each with integrated arts instruction that supports their unique needs.

Arts education has been shown to bolster a student’s imagination, creativity and sensitivity, while also imbuing them with confidence and other skills that translate to all areas of their personal and professional lives. Be it the feeling of standing on stage in front of hundreds of faces or the skills to design visually stimulating elements digitally, arts training prepares students for the challenges they will face after graduation.

Poughkeepsie students are given these opportunities through curriculum, engaging club activities within school walls, and community partnerships that allow students’ work to shine in venues around the city.

At the elementary level, every student not only participates in creative arts activities but is given the opportunity to take part in performance-based programs like art shows, dance performances, concerts and plays.

Every middle school student has an individual student success plan, which includes interest and aptitude tests, creative career presentations and the ability to attend professional exhibitions and performances.

High schoolers can pursue an Individual Arts Assessment Pathway for visual arts and multi-year sequences in the performing arts, take part in performances through various clubs, and pursue internships and workforce training in local arts industries.

Students of many age ranges find additional instruction through Vassar and Dutchess Community College, as well as such community organizations as The Art Effect, Stringendo, The Bardavon 1869 Opera House and others. These efforts are continuing to grow, with renovations of the high and middle school auditoriums planned for next summer, and further development of the Smart Scholars program, in which students will be able to receive college credits in the performing arts. The district is also exploring the potential of media arts and music graduation pathways.

Community Schools Model

WHAT IS A COMMUNITY SCHOOL?

The Poughkeepsie City School District is proud to have designated all seven of its schools as Community Schools. Community Schools are designed to bring together school and community resources to improve student success and create stronger families and healthier communities.

Community Schools integrate rigorous academics, health and social services, youth and community development, and community engagement. They are intentional in providing supports, programs, information and resources to meet the needs of students, parents, and community members.

The Poughkeepsie City School District Community School model focuses on the following five pillars:

Early Learning – Pre-natal to Pre-school, Integrated Student and Family Supports, High Level Community and Family Engagement, Expanded and Enriched Learning Opportunities, and Collaborative Leadership Practice.

To learn more about these five pillars, and how PCSD is implementing these pillars into the fabric of the district's transformation work, visit the Community Schools page on the district website, at www.poughkeepsieschools.org/communityschools.

Nuestra principal fuente de comunicación son los mensajes de voz y de texto a través de Parent Square. También se coloca una alerta emergente en nuestro sitio web.

Comidas

El Distrito Escolar de la Ciudad de Poughkeepsie reconoce la importancia de brindar servicios saludables y comidas nutritivas para todos los estudiantes. Tenga en cuenta que los formularios enviados pueden tardar más en procesarse.

Debido a que la ocupación de nuestros edificios escolares es limitada durante esta crisis, una vez que se hayan levantado las restricciones, nos pondremos en contacto para concertar una cita para firmar los formularios y para proporcionar cualquier documentación adicional necesaria. A Well-Rounded Graduate

Arts education has been shown to improve graduation rates and arm students with skills such as creativity and problem-solving, as well as the poise and confidence gained from performing in front of live audiences, that will translate to any future line of work. Many Poughkeepsie students graduate having been exposed to 14 years of music and visual arts instruction and the experience of performing on stage.

Parent/Student Information

Parent-Teacher Conferences

Scheduled dates of official parent-teacher conferences are listed on the calendar pages in this publication. However, parents are encouraged to contact their children's teachers or guidance counselors when they feel a need to discuss their child's progress. Individual conferences may be arranged by making an appointment through the elementary school office or secondary guidance office. Please visit the Parent Portal on Infinite Campus for current information.

To Have an Effective Parent-Teacher Conference:

- Be prepared by looking over your child's classwork and homework.
- Make a list of questions or concerns and send them to the teacher ahead of time—this will also help the teacher to prepare.
- Arrive on time.
- Raise your most recent concerns first.
- Listen carefully.
- Ask questions.
- Keep in touch with the teacher to set a SMART (Specific, Measurable, Achievable, Realistic, and Time-bound) goal plan for your child.

Report Cards

Report cards are issued at the end of each quarter of the academic year. Elementary report cards will be distributed at parent/teacher conferences. Secondary report cards are typically mailed home.

Procedures for Solving Parent Concerns

If you have any concerns pertaining to your child's educational well being and/or academic performance at their school:

School Meals Program

Poughkeepsie City School District is a Community Eligible Provisional (CEP) district, which means all the students eat free breakfast and lunch.

School Lunch applications would be necessary if your family does not receive assistance from the county social services department or if you are new to the district.

If you believe you need to fill out an application, it may be obtained through the school office in September and throughout the year.

Education Law § 807 Fire and Emergency Drills

It shall be the duty of the principal or other person in charge of every public or private school or educational institution within the state, other than colleges or universities, to instruct and train the pupils by means of drills, so that they may in a sudden emergency be able to respond appropriately in the shortest possible time and without confusion or panic.

Such drills shall be held at least twelve times in each school year, eight of which required drills shall be held between September 1st and December 31st of each such year. Eight of all such drills shall be evacuation drills, four of which shall be through use of the fire escapes on buildings where fire escapes are provided or through the use of identified secondary means of egress. Four of all such required drills shall be lock-down drills.

Drills shall be conducted at different times of the school day. Pupils shall be instructed in the procedure to be followed in the event that a fire occurs during the lunch period or assembly, provided however, that such additional instruction may be waived where a drill is held during the regular school lunch period or assembly. Four additional drills shall be held in each school year during the hours after sunset and before sunrise in school buildings in which scholars are provided with sleeping accommodations. At least two additional drills shall be held during summer school in buildings where summer school is conducted, and one of such drills shall be held during the first week of summer school.

- Contact the staff member and schedule a conference.
- If the conference fails to satisfactorily resolve the issue, contact the building principal and/or designated assistant principal to schedule a conference.

If the issue remains unresolved, contact the Assistant Superintendent for Elementary Education and/or the Assistant Superintendent for Secondary Education to request assistance. The Assistant Superintendent will gather the facts and attempt to resolve the problem.

If the issue still remains unresolved, please state the problem/concern in writing to the Superintendent of Schools, 18 South Perry St., Poughkeepsie, NY 12601.

Dignity for All Students Act

For any Dignity for All Students Act (DASA) concerns, please contact your child's principal.

Student Records

Student records are private unless a parent, guardian or student over 18 years of age consents to disclosure of personally identifiable information.

Parents/guardians and students over 18 years of age have the right of access to records, files, documents and other materials containing information directly related to their children. Parents, guardians and students over 18 years of age may also request the amendment of records believed to be inaccurate or misleading.

Parents/guardians or eligible students should submit a written request that identifies the record(s) they wish to inspect.

Non-custodial parents may receive their child's educational information if they make an annual request to do so, unless the District receives a court order or other legally binding documentation prohibiting the release of information.

The application must reach the Food Service Office as soon as possible after you register your child for school and a new application may be required each year depending on your method of qualifying.

The price of a second meal for an elementary school student is Breakfast, \$1.50 and Lunch, \$2.50. The cost for middle and high school students is Breakfast, \$1.75 and Lunch, \$3.00. Payments for purchases may be made in advance by depositing money into a student's account. Menus for each month are sent home with students and posted on the Poughkeepsie City School District website.

For additional information regarding the school meals program call (845) 451-4780.

EMERGENCY SCHOOL CLOSINGS

SCHOOL CANCELLATIONS, DELAYS AND EMERGENCY EARLY DISMISSALS

The decision to close schools due to the weather or for other emergency conditions is made by the superintendent, in consultation with our weather service, the director of facilities and other school superintendents in surrounding school districts. When a closing or delay is announced, it affects all schools and programs of Poughkeepsie City School District, unless the closing or delay is due to an emergency situation specific to a particular building. Automated calls will be made by Parent Square as soon as possible and it will be posted to the PCSD website.

EMERGENCY EARLY DISMISSALS

The District makes every effort to avoid emergency early dismissals. In the event of an emergency early dismissal, no elementary school scholar will be released until contact has been made with a parent or approved emergency contact person. Therefore, it is very important that all scholars' emergency cards have adequate and updated information.

CANCELLATION OF AFTER-SCHOOL ACTIVITIES

Sometimes it may be necessary to cancel after-school activities although school has been in session for the full day. Information about cancellation of after-school activities will be announced on the radio stations and through phone calls to parents of affected children.

TITLE IX AND SECTION 504 COMPLIANCE

The Poughkeepsie City School District hereby advises students, parents, employees and the general public that it offers employment and educational opportunities, including vocational education opportunities without regard to sex, race, color, weight, carrier status, perceived race, perceived gender, national origin or disability. Secondary vocational education opportunities available to District residents under age 21 are courses in the business education, home economics and technology industrial arts programs. Inquiries regarding this nondiscrimination policy may be directed to the Title IX Coordinators and the Section 504 Coordinators at 18 South Perry Street, Poughkeepsie, NY 12601. Telephone: (845) 451-4900. These officials will provide information, including complaint procedures to any citizen, student or employee who feels that his or her rights under Title IX or Section 504 may have been violated by the District or its officials.

Parent Participation

Parents are welcome to become active participants in PTAs at all Poughkeepsie City Schools.

Testing New Entrant Screening

In addition to registering your child for kindergarten, a screening is administered to measure the child's abilities. This will provide the District with a profile of your child in order to assist in determining their kindergarten placement.

Norm-Referenced Tests

In addition to tests that are developed by the classroom teacher, children also take certain standardized or "norm-referenced" tests to assess their strengths and weaknesses in mastering the full-range of learning appropriate to each grade level.

NYS Testing Program

All students in grades three through eight in New York State take the Common Core English Language Arts test and the Mathematics test in the Spring.

The tests require students not only to show basic skills in English and mathematics, but also to apply the knowledge and skills they have learned. Students read passages, answer comprehension questions and complete writing exercises on the English language arts tests. They solve mathematics problems and demonstrate understanding of concepts and applications on the mathematics tests. The tests are mandatory; there is no "opting out."

Students in grade eight take a state assessment in science that consists of a performance test (laboratory component) and a written test on science skills and content. All exams scheduled by New York State have been listed on this calendar.

ParentSquare is the district's platform to send information and alerts to parents. It is easy to sign up for the service. You can login using the email address you have on file with the district through Infinite Campus.

PARENTS AND EDUCATORS NEED TO KNOW

Test results provide the student, teacher and parent with a report of individual student strengths and weaknesses in a variety of skill areas. The New York State Testing Program provides our schools with data that helps to assess the instructional programs that students receive. They are also used to identify both students and schools that need to improve performance under state and federal accountability standards.

At the high school level, all students must now take and score satisfactorily on Regents examinations in the following subjects: English, mathematics, global history, U.S. history and government, a living environment science course and a physical setting science course. A more comprehensive explanation of the diploma requirements is available through the High School Guidance Office at (845) 451-4910.

Other Standardized Tests

The College Boards Scholastic Aptitude Tests (SATs) and the American College Tests (ACTs) are required for admission to many colleges. SATs are given in verbal and math sections; achievement tests cover English, mathematics, social studies, science and foreign languages. Poughkeepsie High School is a center for CEEB tests.

The Preliminary Scholastic Aptitude Test (PSAT) and the National Merit Studentship Qualifying Test will be administered in October. This combined examination is recommended for juniors. Tenth grade students may take the test for practice. The American College Test will be given at Poughkeepsie High School.

For more information, contact the Poughkeepsie High School Guidance Office at (845) 451-4910.

IMMUNIZATION

Students are required by New York State Public Health Code to receive a series of immunizations in order to be eligible to attend school. New York State (NYS) Public Health Law Section 2164 and New York Codes, Rules and Regulations (NYCRR) Title 10, Subpart 66-1 require every student entering or attending public, private or parochial school in New York State (NYS) to be immune to diphtheria, tetanus, pertussis, measles, mumps, rubella, poliomyelitis, hepatitis B, and varicella in accordance with Advisory Committee on Immunization Practices (ACIP) recommendations.

Effective September 1, 2016, students entering or attending grades 7 and 12 in (NYS) must also be vaccinated against meningococcal disease in accordance with ACIP recommendations. Every child in day care, Head Start, nursery school or prekindergarten in NYS must be immune to diphtheria, tetanus, pertussis, measles, mumps, rubella, poliomyelitis, hepatitis B, varicella, Haemophilus influenzae type b (Hib), and pneumococcal disease. Public Health Law Section 2164 provides for medical and religious exemptions to immunization.

Full details on school and child care immunization requirements are available at: http://www.health.ny.gov/prevention/immunization/laws_regs.htm#Schools.

Please visit the following website for details about immunization schedules: <http://www.health.ny.gov/publications/2370.pdf>.

If you have any questions, we encourage you to speak with your school nurse.

CENTRAL REGISTRATION

Families who are enrolling their students for the first time must go to the Central Registration Office, located in the Columbus Building, 18 South Perry St., weekdays between 9:00 am and 2:00 pm.

Entrance Requirements

Students reaching five years of age on or before December 1st may enter kindergarten in September. Students who reach the age of six during the school year are required to attend school at the start of classes in September.

Documents Required for Admission

- Birth Certificate or other evidence of proof of age
- Evidence of family address in the City of Poughkeepsie
- A physician's certificate and evidence of required immunization

Medication Dispensing

Before any medication may be administered to or by any student during school hours, the written request of the parent and the written order of the prescribing physician must be submitted to the school nurse. All medication must be administered in the health office by the school nurse, parent, or with the parent's permission, the student himself/herself.

Accident and Illness

A student who becomes ill or injured is referred to the school nurse, who functions under the guidance of the school physician.

In the event of an accident, first aid may be administered. The parent will be called when a student must leave school due to illness or injury and will be asked to provide transportation for the child. The family physician or, if not available, the school physician may be contacted by the nurse if medical attention is indicated.

School Attendance

It is important to make sure your child attends school regularly. If your child is not in school he/she cannot learn.

Legal absence from school may be granted for the following reasons: personal illness, illness or death in the family, religious observance, required court appearance, approved college visits, military obligations, or such other reasons as may be approved by the Commissioner of Education.

A note signed by the parent or guardian explaining the cause of the absence must be presented upon the child's return to avoid the school recording an illegal absence. In addition, parents are asked to make every effort to notify the school by telephone on the day of the child's absence. If a child is absent for more than three days, parents may expect a phone call from the school.

All absences, lateness, or early departures (excused or unexcused) are counted on a student's attendance record. If a student exceeds 28 absences for a full year class or 14 absences for a half-year class or seven absences for a 10-week course, and does not make-up assignments, he/she will not receive credit for that course and will not be allowed to sit for the exam(s). Outreach will be made to parents after the third consecutive day of absence.

NOTICE TO PARENTS REGARDING PESTICIDE APPLICATIONS

New York State Education Law Section 409-H, requires public and non-public elementary and secondary schools to provide written notification to all persons in parental relation, faculty, and staff regarding the potential use of pesticides periodically throughout the school year. Poughkeepsie City School District is required to maintain a list of persons in parental relation, faculty, and staff who wish to receive 48-hour prior written notification of certain pesticide applications. Certain applications are not subject to prior notification requirements: a school remains unoccupied for a continuous 72-hours following an application; anti-microbial products; nonvolatile rodenticides in tamper-resistant bait stations in areas inaccessible to children; boric acid and disodium octaborate tetrahydrate; the application of EPA designated biopesticides; the application of EPA designated exempt materials under 40CFR152.25; and the use of aerosol products with directed spray in containers of 18 fluid ounces or less when used to protect individuals from an imminent threat from stinging and biting insects, including venomous spiders, bees, wasps, and hornets.

If you would like to receive 48-hour notification of pesticide applications that are scheduled to occur in your school, or for further information, please notify the Director of Facilities at (845) 451-4996.

SCHOOL HOURS AND ATTENDANCE

School hours vary and are listed on the last page of this calendar. New York State Education Dept. Law requires each child from six to 16 years of age to attend school. However, our District has made a true commitment to provide students with many opportunities to remain in school in order to earn a high school diploma and to move on to future endeavors that would make them productive citizens.

Tardiness

A note signed by the parent or guardian explaining the cause of the child's late arrival is required for the late arrival to be considered legal.

Release of Pupils During School Hours

Pupils may be excused by the principal before the end of the school day only when it is for a purpose related to their best interests. Requests for early release must be made in writing by the scholar's parent or guardian. The request must specify who the child is to be released to.

Visitors

All visitors to a school building are required to: present identification, sign-in, and report to the main office or building greeter upon arrival. Parents who wish to visit their child's classroom are welcome to do so, provided the principal is given reasonable notice of the proposed visit.

Homebound Instruction

Individual instruction will be provided to students who are confined to home or the hospital for at least two weeks due to a physical disability, illness, injury or psychiatric cause. Applications for homebound instruction should state the nature of the illness, the possible length of absence from school, include a physician's recommendation and be approved by the building principal. The Superintendent may also recommend homebound instruction pending and/or following a suspension hearing.

NOTIFICATION OF RIGHTS UNDER THE FAMILY EDUCATIONAL RIGHTS AND SCHOOLS PRIVACY ACT (FERPA)

1. The Family Educational Rights and Schools Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are:

The right to inspect and review the student’s education records within a reasonable time period not to exceed 45 days from the date the District received a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading, or otherwise in violation of the student’s privacy rights. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading or otherwise in violation of the student’s privacy rights. It should be noted that this right applies to matters of fact, not to opinions, expressed in the student’s educational record.

a. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to grant or refuse to grant consent to the disclosure of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. A school may disclose personally identifiable information from an education record to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the students or other individuals. FERPA also permits disclosure without consent to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibilities.

4. Information about a homeless child’s or youth’s living situation shall be treated as a student education record, and shall not be deemed to be directory information, under section 444 of the General Education Provisions Act (20 U.S.C. 1232g), Every Student Succeeds Act, PL 114-95, December 10, 2015, 129 Stat 1802

5. The right to transfer their FERPA rights to a third party. Where a parent wishes to do so, a transfer of the parent’s FERPA rights should be confirmed in writing, signed by the parent and notarized. However, in certain circumstances, the district has discretion in determining whether or not to disclose education records to a third party.

6. The right to file a complaint with the Family Policy Compliance Office (FPCO) concerning alleged

failures to comply with the requirements of the Act. The complaint must contain specific allegations of fact giving reasonable cause to believe that a violation of FERPA has occurred.

7. Directory Information

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that the Poughkeepsie City School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child’s education record. However, the Poughkeepsie City School District may disclose appropriately designated “directory information” without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Poughkeepsie City School District to include this type of information from your child’s education records in certain school publications. Examples include:

- A playbill, showing your child’s role in a drama production
- The annual yearbook
- Honor roll or other recognition lists
- Graduation programs
- Sports activity sheets, such as for wrestling, showing weight and height of team members.
- Video
- Photographs.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, potential employers; colleges; or companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed to military recruiters without their prior written consent.¹

If you do not want the Poughkeepsie City School District to disclose directory information from your child’s education records without your prior written consent, you must notify the District in writing [to your child’s school principal] by December 1, 2020. The Poughkeepsie City School District has designated the following information as directory information: Student’s name, address, telephone listing, electronic mail address, photograph (any medium – film or digital; still or moving images maintained by the District in the course of its business), date and place of birth, major field of study, dates of attendance, grade level, participation in officially recognized activities and sports, weight and height of members of athletic team, degrees, honors, and awards received, the most recent educational agency or institution attended.

¹ These laws are: Section 9528 of the ESEA (20 U.S.C. 7908), as amended by the Every Student Succeeds Act, PL 114-95, December 10, 2015, 129 Stat 1802, and 10 U.S.C. 503, as amended by section 544, the National Defense Authorization Act for Fiscal Year 2002 (P.L. 107-107), the legislation that provides funding for the Nation’s armed forces.

AVISO SOBRE DERECHOS POR LA LEY SOBRE LOS DERECHOS EDUCATIVOS FAMILIARES Y PRIVACIDAD EN LAS ESCUELAS (FERPA)

1. La ley FERPA otorga a los padres de familia y a los estudiantes mayores de 18 años (los “estudiantes elegibles”) ciertos derechos con respecto a los archivos educativos de los estudiantes. Ellos son:

El derecho de inspeccionar y estudiar los archivos educativos del estudiante dentro de un plazo razonable que no exceda 45 días a partir de la fecha en que el distrito recibe una petición de acceso. Los padres de familia o los estudiantes elegibles deberán presentar al director de la escuela (o al oficial apropiado de la escuela) una petición por escrito que permita identificar los archivos que deseen inspeccionar. El director hará los arreglos para permitir acceso y notificará a los padres de familia o a los estudiantes elegibles la hora y lugar en que podrán inspeccionar los archivos.

2. El derecho de solicitar la corrección de los archivos educativos del estudiante que los padres de familia o estudiantes elegibles crean que son inexactos o engañosos, o que contravengan de algún otro modo los derechos de privacidad del estudiante. Deberán escribir al director de la escuela, identificar claramente la parte del archivo que desean sea cambiado, y especificar la razón de por qué es inexacta o engañosa o que contraviene de algún otro modo los derechos de privacidad del estudiante. Se debe tomar nota que este derecho es aplicable a hechos, no opiniones, expresados en el archivo educativo del estudiante.

a. Si el Distrito decide no corregir el archivo según la solicitud de los padres de familia o el estudiante elegible, el Distrito ha de notificar a los padres de familia o el estudiante elegible sobre la decisión e informarles de su derecho a una audiencia con respecto a la solicitud de corrección. Cuando se les notifique del derecho a una audiencia, se dará a los padres de familia o el estudiante elegible información adicional con respecto al proceso de audiencia.

3. El derecho de otorgar o rechazar consentimiento para revelar información que permita la identificación personal contenida en los archivos educativos del estudiante, exceptuando lo que FERPA autoriza a revelar sin consentimiento. Las escuelas pueden revelar información que permita la identificación personal proveniente de un archivo educativo a terceros apropiados en relación con alguna emergencia cuando sea necesario tener conocimiento de tal información para proteger la salud o seguridad de los estudiantes u otras personas. FERPA además permite la revelación sin consentimiento a oficiales escolares que tengan legítimos intereses educativos. Se entiende como oficial escolar una persona empleada por el Distrito como administrador, supervisor, instructor, o miembro del personal de apoyo (incluyendo el personal médico o de salud y el personal de las unidades para aplicación de la ley); personas miembros de las Juntas Escolares; personas o compañías que el Distrito ha contratado para ejecutar tareas especiales (tales como abogados, auditores, consultores médicos y terapeutas); o padres de familia o estudiantes miembros de comités oficiales, o que estén ayudando a otros oficiales escolares en la ejecución de sus tareas. Los oficiales escolares tienen intereses educativos legítimos cuando ellos necesitan ver los archivos educativos para poder ejecutar sus responsabilidades profesionales.

4. La información sobre la situación de la vida de un niño/a sin hogar o de un joven será tratada como un archivo educativo del estudiante, y no se considerará como información de directorio, bajo la sección 444 de la Ley de Provisiones de Educación General (20 U.S.C. 1232 g), la Ley de Cada Estudiante Tiene Éxito (Every Student Succeeds Act), PL 114-95, 10 de diciembre, 2015, 129 STAT 1802.

5. El derecho de presentar una queja con la Oficina de Cumplimiento de la Política Familiar (Family Policy Compliance Office, FPCO) en relación a presuntos incumplimientos de los requisitos de la Ley. Tal queja debe contener alegatos específicos de los hechos que dan una causa razonable a la creencia de que ha ocurrido una infracción de la ley FERPA.

6. Información de directorios FERPA, una ley federal, obliga al Distrito escolar de la ciudad de Poughkeepsie, con ciertas excepciones, a obtener su consentimiento por escrito antes de revelar información que permita la identificación personal proveniente de los archivos educativos de su hijo. Sin embargo, el Distrito escolar de la ciudad de Poughkeepsie puede, sin consentimiento previo, revelar “información de directorios” designada apropiadamente, a menos que usted le haya avisado al Distrito de lo contrario y de acuerdo a los procedimientos del Distrito. El propósito principal de la Información de directorios es permitir que el Distrito escolar de la ciudad de Poughkeepsie incluya ese tipo de información de los archivos educativos de su hijo en ciertas publicaciones escolares. Algunos ejemplos son:

- Carteles de teatro, en los que aparece el papel de su hijo/a en una producción de teatro.
- La revista anual de la escuela.
- El cuadro de honor y otras listas de reconocimiento;
- Programas de graduación.
- Hojas de actividades deportivas, tales como lucha, en las que aparece el peso y la estatura de los miembros del equipo.
- Vídeo.
- Fotografía

7. La información de directorios, cuya diseminación generalmente no se considera peligrosa ni una invasión de la privacidad, puede además ser revelada a organizaciones externas sin el consentimiento previo por escrito de los padres de familia. Entre las organizaciones externas se incluyen, pero no se limitan a ellos, posibles patronos, colegios mayores; compañías que fabrican anillos de graduación o que publican las revistas anuales. Además, hay dos leyes federales que obligan a las agencias educativas locales que reciben ayuda mediante la Ley de Educación Primaria y Secundaria (Elementary and Secondary Education Act, ESEA) de 1965 a dar a los reclutadores militares, cuando así se lo soliciten, tres tipos de información de directorios: nombres, direcciones y listados telefónicos, a menos que los padres de familia hayan informado a las agencias educativas locales que no desean que la información sobre sus estudiantes sea revelada a los reclutadores militares sin el consentimiento previo por escrito.¹

Si no desea que el Distrito de Escuelas Públicas de Poughkeepsie revele la información de directorios de los archivos educativos de su hijo sin su consentimiento previo por escrito, deberá notificar de ello por escrito al Distrito (al director de la escuela de su hijo) antes del 1 de diciembre del 2020. El Distrito de Escuelas Públicas de Poughkeepsie ha designado la siguiente información como información de directorios: Nombre del estudiante, Dirección, Listado telefónico, Dirección de correo electrónico, Fotografías (cualquier medio, película o digital; imágenes fijas o en movimiento que el Distrito recolecta en el curso normal de sus actividades), Lugar y fecha de nacimiento, Campo principal de estudio, Fechas de asistencia, Grado, Participación en actividades y deportes oficialmente reconocidos, Peso y altura de los miembros de equipos atléticos, Títulos, honores y premios recibidos, Agencia educativa o institución a la que asistió más recientemente

¹ Esas leyes son: Sección 9528 de ESEA (20 U.S.C. 7908), y sus enmiendas por la Ley Cada Estudiante Tiene Éxito (Every Student Succeeds Act), PL 114-95, 10 de diciembre, 129 Stat 1802. y 10 U. S. C. 503, y sus enmiendas por la sección 544, la ley Autorización de la Defensa Nacional para el año fiscal 2002 (P. L. 107-107), la legislación que suministra fondos para las fuerzas armadas del país.
