Get the facts about COVID-19 vaccinations

Dutchess County now has three vaccines — Pfizer and Moderna, which each require two doses spread out over weeks — and Johnson & Johnson, which requires one dose.

The vaccines have been:

- Authorized by the FDA
- Tested through large clinical studies
- Reviewed by independent organizations
- Shown to be highly effective at preventing COVID-19
- Will not give you COVID-19

Sign up for updates, including when appointments are available, DutchessNY.gov/VaccineInfoForm or call the Dutchess County Coronavirus Information Line at 845-486-3555.

Call the state's vaccination hotline at 833-697-4829 or visit NY.Gov/vaccine for vaccine eligibility or for more information.
