## **POUGHKEEPSIE CITY SCHOOL DISTRICT CODE OF CONDUCT**

### **INTRODUCTION**

The Poughkeepsie City School District is committed to maintaining high standards and expectations for the education of all students. Because the District believes that order and discipline are essential to being educated effectively, the District is also committed to maintaining high standards and expectations for behavior. A safe, orderly academic environment is the shared responsibility among school, home, and community, and it requires all stakeholders to uphold and adhere to clearly defined disciplinary options and responses.

Section 100.2 of the Regulations of the Commissioner of Education requires that each school district adopt a written policy on school conduct and discipline “designed to promote responsible student behavior.” The requirements, both as to the content and the procedure for adopting District policy, are quite specific, and are outlined below.

- A discipline Code for student behavior, along with a range of consequences, will be publicized and explained to all students and provided to all parents on an annual basis.
- The school conduct and discipline policy “shall be developed locally in consultation with teachers, administration, other school service professionals, students and parents.”
- The policy must include “a bill of rights and responsibilities for students which focuses on positive student behavior.” Reference should be made to those rights that are statutory, such as the right to a hearing prior to suspension, pursuant to Education Law §3214.
- The roles of the teachers, administrators, Board of Education members, and parents must be described to all students and provided in writing to all parents on an annual basis.
- Procedures within each building to involve appropriate individuals in the early identification and resolution of discipline problems.
- The identification of alternative educational programs appropriate to individual student needs and guidelines for in-service education for District staff.
- The District’s policy and rules and regulations on school conduct and discipline shall be filed in each school building and shall be available to any individual.

In addition, the District believes that, to be effective, such a code must:

- identify, recognize and emphasize acceptable behavior;
- identify, recognize and prevent unacceptable behavior;
- promote self-discipline;
- consider the welfare of the individual, as well as that of the school community as a whole;

- promote a close working relationship between parents/guardians and the school staff;
- distinguish between minor and serious offenses, as well as between first time and repeated offenses;
- provide disciplinary responses that are appropriate to the misbehavior;
- outline procedures to ensure that it is administered in a way that is fair, firm, reasonable, and consistent;
- protect every person's right to a fair hearing;
- identify due process rights for a student accused of misconduct;
- comply with the provisions of federal, state and local laws, as well as the guidelines and directives of the New York State Department of Education and the Board of Regents.

The Poughkeepsie City School District's primary concern in establishing a Code of Conduct is to enable our young people to become responsible, respectful, and caring citizens within the school and community settings.

#### Scope of Enforcement

This Code of Conduct applies to all students, staff, and visitors during and after school, on school grounds, on buses provided to and from school or activities, during school-sponsored events, (such as but not limited to proms and field trips), and at bus stops. It also provides guidance relative to inappropriate electronic communication.

You will need Internet access to use this medium.

#### **ESSENTIAL PARTNERS**

The Board of Education is responsible for ensuring that essential regulations are established and adequate discipline is maintained in the operation of the schools to effectively promote safety, as well as the social and educational growth of students. The Superintendent is responsible for developing regulations which are to be enforced by building and District administration and staff.

The parent/guardian is expected to assume primary responsibility for control of his or her child. The parent/guardian may be called upon to actively cooperate with the school in providing the necessary structure to promote his or her child's social and educational growth. To this end, a high degree of parent-school communication will be fostered by the school.

#### The Role of School Personnel

School personnel play an important role in the education of students. In view of this responsibility, school personnel must:

- promote a climate of mutual respect and dignity which will strengthen each student's positive self-image
- participate in appropriate training related to positive and productive approaches to discipline and behavior management
- increase student achievement
- demonstrate desirable standards of behavior through personal example
- report violations of the Code of Conduct to the Building Principal or acting building principal
- immediately report and refer violent students to the Principal or Superintendent of schools

### *The Role of Parents*

A cooperative relationship between home and school is essential to each student's successful development and achievement. To achieve this wholesome relationship, parents are urged:

- to show an enthusiastic and supportive attitude toward school and education
- to build a good working relationship between themselves and their child
- to teach their children self-respect, respect for the law, respect for others and for public and private property
- to insist on prompt and regular attendance
- to listen to the views and observations of all parties concerned
- to recognize that teachers merit the same consideration and respect that parents expect from their children
- to encourage their children to take pride in his/her appearance
- to insist that their children promptly bring home all communications from school
- to cooperate with the school in jointly resolving any school-related problem
- to set standards of behavior for their children and resolve to remain firm and consistent
- to help their children learn to deal effectively with negative peer pressure
- to provide a place conducive for study and completion of homework assignments
- to demonstrate desirable standards of behavior through personal example
- to foster a feeling of pride in their children for their school
- to provide support and positive reinforcement to their child
- to demonstrate self-control at all times. The administrator has the right to remove and/or ban parents who display inappropriate behavior.
- Ensure that children attend school regularly and on time
- Monitor homework assignments.
- Monitor the amount of television children watch
- Volunteer in their child's classroom as time/situation permits
- Participate in school decisions as they relate to their child's education
- Ensure that your child gets the proper rest
- Attend Parent-Teacher conferences
- Return school communications in a timely manner
- Check child's backpack daily
- Meet grade level daily home reading required minutes

Parents should be aware that they may be responsible for financial obligations incurred by their child in school. This may include such items as lost books and damage to property.

## **STUDENTS' RIGHTS AND RESPONSIBILITIES**

Students in the public schools of New York State have a right to a free, appropriate education if they are between the ages of five and 21 years (or until the child receives a high school diploma, whichever comes first). All students in this state between the ages of six and the school year through which he or she becomes 16 are required by law to regularly attend school,

either in the public schools, non-public schools that are approved for equivalency of instruction by the appropriate school authorities, or in the home in accordance with the Regulations of the Commissioner of Education.

The right to a free public school education extends to all students, including those with disabilities. However, this right is not unconditional. As long as due process of law requirements are met, a student may be removed from the classroom, suspended temporarily or suspended permanently from school. Only students within the compulsory education age range (age six through the school year in which the student turns 16) are entitled to alternative equivalent instruction following suspension.

The District is committed to maintaining public order on school property and to provide a program of enforcement, while at the same time, protecting freedom of assembly within the school system. The district expects each student to conduct himself or herself in a manner which will create an appropriate atmosphere so that students may learn and thrive educationally to their abilities. Students are expected to understand that they have a responsibility to behave in an orderly and respectful manner. To this end, each student shall also be responsible for conducting himself or herself so as to avoid the behaviors which could lead to being disciplined.

The rights assured by the New York State Constitution and Education Law as well as the policies of this district will be fully recognized and applied. In addition to the rights referenced above, students in this district are specifically afforded the following rights:

### *Rights of Students*

The District is committed to safeguarding the rights given to all students under state and federal law. In addition, to promote a safe, healthy, orderly and civil school environment, all district students have the right to:

- take part in all district activities on an equal basis regardless of actual or perceived race, color, creed, genetic predisposition, carrier status, marital status, national origin, religion, gender, sexual orientation, weight, or disability
- present their version of the relevant events to school personnel authorized to impose a disciplinary penalty in connection with the imposition of the penalty
- access school rules and, when necessary, receive an explanation of those rules from school personnel

*Student Expression:* Students shall be allowed the opportunity for the free expression of ideas consistent with rights established by the federal and state constitutions. However, a student's freedom is subject to limitation in that the constitutional protections will not extend to libelous, slanderous, vulgar, lewd, indecent or obscene words or images or to words or images which by their very use incite others to damage property or physically injure persons. Furthermore, speech which materially and substantially disrupts the work and discipline of the school may be subject to limitation.

*School Newspapers:* Participation in the process of publishing school newspapers affords students an opportunity to learn how to report the news events of the school as well as the sincere expression of all facets of student opinion. Any student newspapers and/or publications which are paid for by the district and/or produced under the direction of a teacher as part of the school curriculum are not considered a public forum. The following are guidelines for curricular school newspapers and other school newspapers:

*Curricular School Newspapers:* Any school-sponsored newspaper which is part of the adopted English or Journalism curriculum, shall be under the direction of an official advisor who shall exercise editorial control over style and content of student speech within the context of legitimate pedagogical concerns and responsible journalism.

All materials shall be subject to prior review by the official advisor and by the Building Principal. Their decisions regarding production and publication shall be made within two (2) days.

Either the advisor to such school newspaper or the Building Principal, as well as the Superintendent of Schools or Board of Education, may prohibit the publication of curricular school newspaper materials which are found to:

- be inappropriate (e.g., ungrammatical, poorly written, writing which is inadequately researched, biased, prejudiced, obscene, vulgar, profane or libelous)
- be unsuitable for the level of maturity of the intended audience(s)
- substantially disrupt the work of the school
- impinge upon privacy rights of other students or their families or social relations
- advocate conduct inconsistent with shared values of civilized social order (e.g., materials which promote drug or alcohol use, dangerous behavior, etc.)
- associate the school with any position other than neutrality on matters of political controversy or religion; and/or erroneously attribute the views of the individual author to the school

*Appeals Procedure:* In the event that the newspaper advisor or another school official renders a decision that certain material shall not be printed in such school newspaper, the student shall be entitled to a review of that decision by the Superintendent of Schools, whose

decision shall be final in this matter and shall be rendered within three (3) days of the initial decision to prohibit such publication.

*Other School Newspapers:* The following guidelines shall apply to materials published in our school newspaper(s) which are not part of the adopted English or Journalism curriculum:

- All materials shall be subject to prior review by the official advisor of each school newspaper and by the Principal of the building where the newspaper is published. Their decision regarding publication shall be made within two (2) days.
- Either the advisor to the school newspaper or the Building Principal, as well as the Superintendent of Schools or Board of Education, may prohibit the publication of school newspaper materials or articles to the extent that they:
  - clearly endanger the health, safety or welfare of students
  - imminently threaten to disrupt the educational process of the school
  - constitute material which is libelous or obscene
  - threaten any person or group in the school or advocate discrimination on the basis of disability, sexual orientation, genetic predisposition, carrier status, race, religion, age, sex, marital status or national origin

*Appeals Procedure:* In the event that the newspaper advisor or another school official renders a decision that certain material shall not be printed in the school newspaper(s), the student shall be entitled to a review of that decision by the Superintendent of Schools, whose decision shall be final in this matter and shall be rendered within three (3) days of the initial decision to prohibit such publication.

Non-School Publication and Materials: Publications or materials other than the official school newspaper(s) may be distributed by students at locations beyond the limits of the school grounds and on occasions other than at school-sponsored activities without the authorization of school officials.

*Symbolic Expression:* Students, in light of constitutionally protected free speech rights, may wear political buttons, arm bands or badges of symbolic expression so long as the same conform to the limits set forth herein under "school newspaper" and "dress code."

Student Activities: All pupils shall enjoy equal access to the extent of their capabilities for participation in the various extra-curricular and co-curricular activities sponsored by the School District. The privilege of participating in such activities shall be conditioned upon appropriate conduct as established by the Student Code of Conduct and any rules promulgated specifically for participation in extra and/or co-curricular activities.

Student Government: Students are encouraged to participate in the various student governmental bodies which have been or may be established in our schools. It shall be the

duty of the student governmental body to establish reasonable standards for qualification of candidates to serve in offices of the government. Elections for student government shall be conducted in accordance with the principles of our democracy and elected student representatives shall work with the faculty, administration and student body in identifying cooperatively those areas of appropriate student responsibility. All student governmental bodies shall have a faculty advisor and shall be organized pursuant to a specific written constitution which the students shall participate in formulating.

Student Clubs and Other Student Organizations: The District encourages students to participate in curriculum related extra-curricular activity clubs and/or organizations. To the extent that the District authorizes meetings of non-curriculum related clubs or organizations, the same shall be subject to the constitution of the student government and shall be conducted in accordance with any applicable federal or state laws, as well as Board of Education policy or regulations.

Privacy Rights (Search and Seizure): Students in attendance in our public schools are protected against illegal or unreasonable personal searches or seizures of their property under both the federal and state constitutions. In light of these protections, no student's person or property, unless unattended, shall be searched for illegal substances or materials unless the school authorities conducting the search have reasonable suspicion to do so. Lockers and/or District computers and/or District equipment and/or desks assigned to students may be subject to inspection at any time by school officials since such places are not the property of the student, but rather are owned by the School District and shared with the student.

Pregnant Students: During a period of pregnancy related disability, a student shall be entitled to reasonable accommodations including, but not limited to, home instruction. Pregnant students who desire to attend their regularly scheduled classes prior to the time of childbirth may do so with reasonable accommodations provided when appropriate as part of a 504 accommodation plan to the extent that their physician approves of such attendance.

#### Responsibilities of Students

Students attend school so that they may develop to their fullest potential. With this in mind, each student is expected to:

- contribute to maintaining a safe and orderly school environment that is conducive to learning and show respect to other persons and to property
- be familiar with and abide by all district policies, rules and regulations dealing with student conduct
- attend school on time, be in class on time, and be prepared to learn every day unless they are legally excused
- work to the best of their ability in all academic and extracurricular pursuits and strive toward their highest level of achievement possible

- react to direction given by teachers, administrators and other school personnel in a respectful, positive manner
- work to develop mechanisms to control their anger
- ask questions when they do not understand
- seek help in solving problems that might lead to discipline

- recognize that teachers and administrators assume the role of surrogate parents in matters of behavior and discipline when at school, as well as during any school-sponsored activities
- discourage inappropriate behavior of other students (including, but not limited to, bullying, harassment and hazing,) and report the incidents to the administration

### **PROHIBITED STUDENT CONDUCT AND CODE INFRACTIONS**

The Board of Education expects all students to conduct themselves in an appropriate and civil manner with proper regard for the rights and welfare of other students, district personnel and other members of the school community, and for the care of school facilities and equipment.

The best discipline is self-imposed, and students must learn to assume and accept responsibility for their own behavior, as well as the consequences of their misbehavior.

District personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on students' ability to grow in self-discipline.

The Board of Education recognizes the need to make its expectations for student conduct while on school property or engaged in a school function specific and clear. The rules of conduct listed below are intended to do that and focus on safety and respect for the rights and property of others. Students who will not accept responsibility for their own behavior and who violate these school rules will be required to accept the penalties for their conduct.

The Dignity Act prohibits discrimination and harassment of students on school property by any student or employee. Harassment (including harassment using interactive and communication technologies) that takes place at locations outside of school grounds that causes or can be reasonably forecast to substantially disrupt the educational process or school environment is prohibited and potentially may be subject to disciplinary consequences.

## **CELL PHONES & OTHER PERSONAL ELECTRONIC COMMUNICATION DEVICES**

In some instances a "smart phone" may include applications that permit these functions. These devices shall be allowed to be used in classrooms only when they are included as part of a lesson under the direction of a teacher.

The District acknowledges that cellular phones, pagers and 2-way communication systems can be a positive means to facilitate communication: however, display and/or use of such devices can cause disruption to the educational process.

Therefore to prevent such disruption, the display and/or use by students of cellular phones (including “smart phones”), pagers, 2-way communication systems other electronic devices, and/or their accessories shall be prohibited from the time students arrive at school until the end of the regular school day, unless specifically permitted to be used by a teacher or administrator. The use of such devices during class, when not specifically permitted by the teacher, will be considered cheating, and a grade of zero will issued for that days class activity (such as class work, quiz or examination). Unauthorized posting of activities on the internet is prohibited.

Use of Cell phones and other personal electronic communication devices not in accord with this policy shall result in the confiscation of the device. Upon the first offense, item(s) will be returned at the end of the day. Upon subsequent offenses, confiscated items will only be returned directly to parents. Consequences for continued offenses will include detention(s) and/or suspension(s). All unclaimed confiscated items will be discarded by June 30<sup>th</sup> of the current year.

In addition, viewing, sending or sharing pictures or text having sexual content (sexting) in school, or at school activities, or form off-campus sites is prohibited.

In emergency situations, exceptions to the prohibition of the use of cellular phones and other personal electronic devices may be granted by teacher s or administrators.

#### Cellular Phones and State Assessments:

In order to ensure the integrity of testing, in accordance with state guidelines, students are not allowed to bring cell phones or other electronic devices into classrooms or other exam locations during state assessments. Test proctors, monitors, and school officials shall have the right to collect cell phones and other prohibited devices prior to the start of the assessment and hold them for the duration of the test taking time. Admission to the test will be prohibited to any student who has a cell phone or other electronic device in their possession and does not relinquish it. Students with individualized education plans (IEPs), 504 Plans, or documentation from a medical practitioner that specifically requires the use of an electronic device may do so as specified.

The District will not be liable and as such will not pay for, reimburse or provide a replacement for any lost or stolen communication or electronic device(s). The District will

not disrupt the instructional day to search for, allow the searching for or make announcements regarding lost or stolen communication or electronic device(s).

### **COMPREHENSIVE ATTENDANCE ADMINISTRATION AND SECURITY SYSTEM (CAASS)**

This is an information system that provides access-control and attendance collection to the Poughkeepsie High School and the Circle of Courage. The CAASS system requires that each student be issued a photo identification card that will be scanned each morning upon entry to the school building and to the school cafeteria ensuring that only enrolled students are in the facility and prohibiting unauthorized persons from having access to the students and the school. In addition, CAASS automates the attendance tracking process so that the school may provide more accurate records. The discipline management module will alert staff members if a student is suspended, tardy, or has cut a class through audible and visual alerts that are triggered when a student swipes his or her card. It will automatically issue late passes or temporary IDs for those students who do not have an ID card.

There is a \$3.00 replacement fee for a lost or stolen student ID cards.

### **CORPORAL PUNISHMENT AND EMERGENCY INTERVENTIONS**

The Board of Education prohibits the use of corporal punishment against a student by any teacher, administrator, officer, employee or agent of this School District. As used in this policy, corporal punishment means any act of physical force upon a student for the purpose of punishing that student, except as otherwise provided herein. For purposes of this policy, an emergency means a situation in which an immediate emergency intervention involving the use of reasonable physical force for one of the following purposes is necessary:

- To protect oneself from physical injury
- To protect another person from physical injury
- To protect the property of the school district or others
- To restrain or remove a student whose behavior is interfering with the orderly exercise and performance of school function, powers or duties, or if the student has failed to comply with a request to refrain from further disruptive acts

#### Use of Emergency Interventions

Emergency interventions shall be used only in situations in which alternative procedures and methods not involving the use of physical force cannot reasonably be employed. Emergency interventions shall not be used as a punishment or as a substitute for systematic behavioral interventions that are designed to change, replace, modify or eliminate a targeted behavior.

#### Staff Training

Staff persons who may be called upon to implement emergency interventions shall be provided with appropriate training in safe and effective restraint procedures. Training will be provided by district, special education or building level staff, security or contractors.

Students remain inside the building and follow staff directions.

Teachers are to increase situational awareness, conduct business as usual and follow all announced directions.

### **DRESS CODE**

All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school functions. Students and their parents have the primary responsibility for acceptable student dress and appearance. ### **Recommended Style of Dress**

As part of the dress code, the Poughkeepsie City School District has established a recommended style of dress for all students in grades Pre-Kindergarten through 12. The wearing of a recommended style of dress may improve academic performance, increase self-esteem, reduce absenteeism, and decrease expense as well as competition relative to fashion choices. A recommended style of dress will enable school personnel to identify those students assigned to a building and may also foster school spirit.

The intent of this policy is not to inhibit or prohibit any student who is not wearing a recommended style of dress from receiving the education to which he/she is entitled. No student shall be suspended from class or school, expelled from school, or given a lowered academic grade as a result of not complying with a recommended style of dress. No punitive action of any kind shall be taken against a student for not complying with the recommended style of dress.

All students in grades Kindergarten through 12 are expected to comply with the dress code.

In addition:

- The PCSD recommended style of dress will consist of a palette of five District colors (navy blue, khaki, gray, black, and white). The palette is divided into three sections: Elementary color choices, Middle School color choices, and High School color choices.
- *Elementary Level*
  - The Elementary schools have one additional school color for tops which can be worn for special events such as School Spirit Days.
  - Because many elementary students will be attending new schools this year, the District will allow students to wear the spirit color of their former school while they are attending their new school.
- *Middle School Level*
  - The Elementary schools and the Middle School have one additional school color for tops which can be worn for special events such as School Spirit Days.
- *Poughkeepsie High School*
  - On Mondays through Wednesdays, PHS students are expected to wear the clothing color and style choices specified for a recommended style of dress.
  - On Thursdays and Fridays, students may wear clothing colors and styles of their choice. These outfits, however, must comply with the District's Dress Code.

- “Poughkeepsie wear” clothing (garments with the Poughkeepsie Pioneers insignia) can be worn Mondays through Fridays as long as it meets the Dress Code requirements.

## **GANG RELATED ACTIVITY**

The Poughkeepsie City School District strictly prohibits all activities related to gangs and other organizations that engage in unlawful or delinquent behavior and provides support for students affected by gang activity. A student will not, by use of violence, force, coercion, threat of violence, or gang activity, cause disruption or obstruction to the educational process.

A prohibited gang is a formal or informal organization, association, or group consisting of three or more persons who engage in activities that threaten the safety of students, staff, volunteers, visitors or others, who compromise the general school order or its activities, and/or who interfere with the school district's education mission. The existence of such organization, association, or group of individuals associated in fact may be established by evidence of a common name or common identifying signs, symbols, tattoos, graffiti, or attire or other distinguishing characteristics and engaging in conduct compromising the school order and safety of others.

Gang-Related Activities are acts by a group of students or an individual student representing the group, which are reasonably expected to cause danger/disruption to the school environment and/or threaten the safety of students, faculty, or other employees of the school system when there has been a recent history of violent and/or disruptive gang-related prohibited activities in the school community. Behavior includes, but is not limited to:

- displaying gang signs and symbols on personal and school property
- wearing clothing that symbolizes gang affiliation (such as but not limited to shirts, hats, bandanas, hoodies, belts, jewelry)
- displaying gang hand-signs, tattoos / brands, which symbolize gang affiliation
- defacing school property with gang graffiti (such as but not limited to furniture, walls, buses, buildings, and structures)
- the use of electronic devices (such as but not limited to computers, cellular phones, camera/video phones, video cameras, camcorders, MP3 players) for the purpose of documenting, disseminating, transmitting gang activity, threats, and/or planned violent behavior is prohibited
- any act of violence which includes, but is not limited to gang recruitment, intimidation, and premeditated/planned school disturbances, that may place students, faculty, and staff in reasonable fear of receiving bodily injury is considered a violation of the Code of Conduct

A student who participates in prohibited gang-related behavior, may be disciplined in accordance with New York State Education Law 3214. In addition, the student will be referred to mandatory gang prevention counseling. Parents, law enforcement and other appropriate persons will be notified any time a student is suspected of being involved in prohibited gang-related activity.

Students who feel bullied, threatened or unsafe at school because of gang activity should report their concerns to a teacher, counselor, principal/assistant principal, or the City of Poughkeepsie police. Students who want to leave a gang should contact a principal or a staff member who they trust for guidance and support services. The school or school district may provide students and parents with information on community organizations that assist students in leaving gangs.

### **GUN-FREE SCHOOLS ACT**

Consistent with the Gun-Free Schools Act of 1994, any pupil who is determined (in accordance with the procedures provided in Educ. Law 3214) to have brought a weapon to school shall be suspended for a period of not less than one calendar year. The Superintendent of Schools shall have authority to modify this suspension requirement for all students on a case-by-case basis. The Superintendent's determination will be subject to review by the

Board of Education in accordance with Educ. Law 3214(a) and thereafter to the Commissioner of Education pursuant to 310 of the Education Law. Nothing in this policy shall be deemed to authorize suspension of a student with disability in violation of either the IDEA or Article Eighty-Nine of the Education Law. The Superintendent shall refer a pupil under the age of sixteen who has been determined to have brought a weapon to school in violation of this subdivision to a presentment agency for a juvenile delinquency proceeding consistent with Article Three of the Family Court Act. The Superintendent shall refer any pupil sixteen years of age or older who has been determined to have brought a weapon to school in violation of this subdivision to the appropriate law enforcement officials

### **PROHIBITION ON FIRE ARMS POLICY**

No person shall be permitted unless empowered or authorized in writing, by contract with the P.C.S.D. to carry, possess any firearms, explosives, concealed weapons of any kind on their person, in/on any school district building or property at anytime.

Law enforcement personnel conducting official police business are exempt from aforementioned statement.

Off duty law enforcement personnel are not exempt for aforementioned statement.

Any person not adhering to District Policy or State and Federal Law will be disciplined in accordance with the District's Code of Conduct and may be prosecuted to the fullest extent of the Law.

### **HARASSMENT AND INTIMIDATION**

The Board of Education is committed to providing a safe and productive learning environment within the District. Harassment and intimidation of or by students, faculty, staff, or visitors are strictly prohibited on school property, in school buildings, on school buses, and at school sponsored events and/or activities whether occurring on or off campus.

#### *Faculty and Staff*

Personnel at all levels are responsible for maintaining a climate of mutual respect and dignity for all students regardless of actual or perceived race, color, weight, national origin, ethnic group, religious practice, disability, sexual orientation, gender (identity or expression) or sex, which will strengthen students' self-concept and promote confidence to learn. Any school employee who witnesses harassment, bullying or discrimination, or receives an oral or written report of harassment, bullying or discrimination, shall promptly orally notify the principal or Superintendent, or their designees, not later than one (1) school day after the employee witnesses or receives such report; and shall file a written report with the principal or Superintendent, or their designees, within two (2) school days after making such oral report.

#### *Bullying Behavior*

Bullying of a student by another student is inappropriate and can be considered harassment. Bullying involves a real or perceived imbalance of power, with a seemingly more powerful student or group attacking a seemingly less powerful student or group. Bullying can take several forms such as:

- Physical (including, but not limited to hitting, kicking, spitting, pushing, taking personal belongings)
- Verbal (including, but not limited to taunting, malicious teasing, name calling, making threats)
- Psychological (including, but not limited to spreading rumors; manipulating social relationships; or engaging in social exclusion, extortion, or intimidation)
- Electronic (including but not limited to the use of cyber tools to deliberately harass, humiliate, embarrass, threaten, target, or intimidate someone)

Bullying is characterized by:

- Power Imbalance: A bully uses his/her physical or social power over a target.
- Intent to Harm: A bully seeks to inflict physical or emotional harm and/or takes pleasure in this activity.
- Threat of Further Aggression: The bully and the target believe the bullying will continue.
- Terror: The bullying increases and becomes “systematic violence or harassment used to intimidate and maintain dominance.” (Barbara Coloroso, *The Bully, The Bullied, & The Bystander*, 2003)

All types of bullying behaviors are violations of the Code of Conduct and shall be dealt with immediately with appropriate discipline. Persistent psychological bullying can easily become harassment and as such may be considered for disciplinary action.

It is important to note that a single negative act as enumerated above may also constitute "bullying" based upon the particular circumstances such as the seriousness of the act and/or the intent of the perpetrator.

Students are encouraged to immediately report any act of bullying to a staff member. The building administration shall investigate any such complaint and take appropriate action. Such action may include disciplinary action and/or referral to school counselors.

Personnel at all levels are responsible for taking corrective action to prevent bullying behavior of which they have been made aware at School District sites or activities and/or reporting such behavior as set forth.

Prevention, intervention, and aftercare initiatives at the District, building, and classroom levels will be implemented as determined by administration. Individual intervention will be provided by appropriate staff members to bullies, victims, and their parents to help ensure that the bullying behaviors and victimization stops.

*Cyber Bullying:*

Cyber bullying is the use of cyber tools and informational technology such as social media, e-mail, blogging, instant messaging, text messaging, chat rooms, pagers, or cell phones to deliberately harass, humiliate, embarrass, threaten, target, or intimidate someone. Cyber

bullying can include such acts as making threats, sending provocative insults that contain racial or ethnic slurs, gay bashing, or making other inappropriate comments. It might also include attempting to infect the victim's computer with a virus or flooding an e-mail inbox with nonsense messages. Cyber bullying can be disruptive to the academic environment even though it may originate from a personal computer off of school grounds and beyond the school day. Cyber bullying is prohibited behavior that may warrant an appropriate school consequence. Some cyber bullying may be considered cyber-harassment or cyber stalking which may be serious crimes. In some cases, it may be necessary to inform the local police department.

In conjunction with building administration, all School Social Workers, IST Chairs, and School Psychologists will be designated to receive reports and to investigate incidents of bullying.

*Hazing*

Hazing is defined as any activity which in any way degrades a student as a prerequisite to joining any official or unofficial student group. Hazing is degrading, inappropriate, and strictly prohibited in any form. All acts of hazing shall be considered harassment and shall be immediately investigated. Any individual who fosters, encourages, or participates in any act of hazing shall be subject to appropriate discipline.

*Discrimination and Harassment of Students on the Basis of Race, National Origin, or Color (District Policy # 5020.2)*

The Board of Education is committed to safeguarding the rights of all students within the school district to learn in an environment that is free from discrimination on the basis of race, color or national origin, including harassment. The Board recognizes that discrimination or harassment of students can originate from a person of the same or different race, color or national origin of the victim including peers, employees, Board members or any individual who foreseeably might come in contact with students on school grounds or at school-sponsored activities.

Discrimination of students consists of different treatment on the basis of race and is recognized in two different forms:

- when the district's employees or agents, acting within the scope of official duties, treat a student differently than other students solely on the basis of race, color or national origin;

or

- when the education environment is not kept free from discrimination because the harassing conduct is so severe, pervasive or persistent that it interferes with or limits the ability of a student to participate in or benefit from the services, activities or privileges provided.

The Board also prohibits any retaliatory behavior against complainants or any witnesses.

Any student who believes that he/she has been subject to discrimination or harassment on the basis of race, national origin or color should report the alleged misconduct immediately, pursuant to 5020.2-R, so that corrective action, up to and including discharge of an employee or suspension of a student, may be taken at once. The complainant shall not be discouraged

from reporting an incident of alleged discrimination or harassment. In the absence of a victim's complaint, the Board, upon learning of, or having reason to suspect the occurrence of any discrimination or harassment, will ensure that an investigation is promptly commenced by appropriate individuals.

The Superintendent of Schools is directed to develop and implement specific procedures on reporting, investigating and remedying allegations of discrimination or harassment. Such procedures are to be consistent with any applicable provisions contained in the district's policy manual, collective bargaining agreements, the tenure laws as well as other federal and state laws on discrimination or harassment. Training programs shall be established for students and employees to raise awareness of the issues surrounding discrimination or harassment and to implement preventative measures to help reduce incidents of discrimination or harassment.

#### *Racial Harassment*

The Board of Education affirms its commitment to nondiscrimination and recognizes its responsibility to provide all students, faculty, and staff with an environment that is free of racial harassment and intimidation. Any type of racial harassment by employees, students, visitors, guests or others is prohibited at all school-sponsored events, programs and activities including those that take place at locations off school premises.

Racial harassment occurs when:

- An agent or employee of the District, acting within the scope of his/her official duties, has treated a student differently on the basis of race, color, native language, or national origin in the context of an educational program or activity without a legitimate, nondiscriminatory reason so as to interfere with or limit the ability of the student to participate in or benefit from the services, activities or privileges provided by the District.
- Students treat other students differently on the basis of race, color, native language, or national origin.
- The District creates or is responsible for a racially hostile environment – i.e., harassing conduct (e.g., physical, verbal, graphic, or written) that is sufficiently severe, pervasive, or persistent so as to interfere with or limit the ability of an individual to participate in or benefit from the services, activities or privileges provided by the District.

Racial harassment of employees occurs when:

- An agent or employee of the District, acting within the scope of his or her official duties, has treated an employee differently on the basis of race, color, ethnicity, or national origin in the context of an educational program or activity of their employment without a legitimate, nondiscriminatory reason so as to interfere

with or limit the ability of the employee to participate in or benefit from their employment the services, activities or privileges provided by the School District.

Anyone who believes that he/she has been subjected to racial harassment shall report all incidents of such conduct to the District's designated Title VI Complaint Officer through harassment complaint procedures developed by the District. In the event that the Complaint Officer is the offender, the complainant shall report his/her complaint to the next level of supervisory authority.

Any person who has knowledge of specific acts that he or she reasonably believes constitutes wrongful conduct should disclose the conduct to the appropriate District official.

Should the offending individual be a student, appropriate disciplinary measures will be applied up to and including suspension. Should the offending individual be a school employee, appropriate disciplinary measures will be applied, up to and including termination of the offender's employment in accordance with contractual and legal guidelines.

Procedure for Title IX Investigation of Harassment and Intimidation

Any student, parent, employee or third party who believes that a student has been subjected to sexual harassment or gender based harassment by an officer, employee, student or volunteer must promptly report the matter to the district Title IX Officer, who shall promptly and impartially investigate the alleged conduct. The District shall investigate an allegation of student-on-student sexual harassment even if the alleged conduct occurred initially off school grounds. The Title IX officer shall conduct an intake interview and explain the following options to the alleged victim(s) for resolution:

- an informal complaint verbally or in writing; or
- registering a formal complaint verbally or in writing; or
- engaging in voluntary staff facilitated mediation to arrive at a resolution of the matter (this shall not be utilized when allegations involve sexual assault); or
- placing the District on notice of the objectionable conduct without seeking a resolution through the complaint process or mediation.

The intake Title IX Officer will also explain that the complaining student shall not be subject to retaliation or retribution by reason of making the complaint and that confidentiality shall be maintained throughout the process, except as necessary to assure fair and due process.

The Title IX Officer or investigator shall:

- Consult with relevant staff and notify the complainant of his/her options to avoid contact with the alleged perpetrator during the pendency of the investigation; minimizing any burden on the educational program of the complainant.
- Advise the alleged victim(s) of available resources such as counseling and mental health services;
- Advise the alleged victim(s) of their right to file a complaint with local law enforcement (a referral or pending law enforcement investigation shall not be a basis to delay the District’s investigation and remediation, if appropriate);
- Make follow-up inquiries with the alleged victim and alert the victim and relevant staff of the need to report to the Title IX officer any subsequent retaliatory action

and/or harassment; such as name calling or taunting of the complainant or others involved in the investigation that may occur.

The aforementioned complaint procedure may be used in the investigation of all types of harassment.

### Complaints

All complaints will be promptly investigated by the Title IX Officer or designated Title IX investigator, who shall issue a written report, absent extenuating circumstances to the superintendent of schools, within sixty (60) calendar days.

All complaints shall be received in writing or reduced to writing by the Title IX Officer, who shall personally or by reference to a designee on the board's approval list conduct a full and fair impartial investigation of the complaint, make written findings of fact based upon a preponderance of the credible evidence standard and, where warranted, recommend a resolution to the superintendent of schools. The superintendent of schools shall advise the complainant and the subject of the complaint of the disposition of the complaint in writing concurrently. Such written determination that may include:

- a finding that this policy has not been violated; or
- a finding that this policy has been violated and appropriate corrective, disciplinary and/or other action has been taken.

The superintendent shall take such further action necessary to reasonably deter any further act prohibited by this policy. Such further action may include:

- Separating the harasser and the victim (in a way that does not adversely impact the victim's educational program)
  - Providing an escort to ensure that a student is able to safely move between classes and activities
- Providing counseling to the target and/or harasser
- Disciplinary action against the harasser
- Providing academic support services such as tutoring or arranging for a complainant to re-take or withdraw from a course, including ensuring that any changes do not adversely affect the complainant's academic record
- Reviewing any disciplinary action taken against the complainant to determine if there was a causal connection between the harassment and the misconduct that may have resulted in the complainant being disciplined

### Alternates

The board shall appoint more than one Title IX Officer and several designated Title IX formal complaint investigators. Complainant will have a choice of which Title IX Officer to approach regarding a Title IX complaint. If the complaint is about the superintendent of schools, the board shall stand in the superintendent's place for review activities as described above with respect to informal or formal complaints.

### Appeal of Formal Complaints

If a complaint hasn't been processed to a satisfactory disposition by the superintendent within sixty (60) calendar days, unless extended with the written consent of the complainant, the complainant may appeal in writing to the board for disciplinary action to be taken or disciplinary proceedings to be commenced, where necessary. In cases in which the board serves as an alternate, there shall be no internal appeals process.

### Confidentiality

The district's Title IX Officer(s), the superintendent of schools and the board of education shall, to the maximum extent possible, maintain as confidential the transaction(s) underlying the proceedings or complaint, the outcome of a mediated agreement and action taken, other than formal discipline. The subject of the proceedings or complaint, however, shall be informed of the identity of the person who commenced the proceedings or complaint in order to provide fair and due process.

If the complainant student requests that his/her identity and other identifiable information not be revealed, the school district should weigh that request against the following factors:

- The seriousness of the alleged harassment
- The complainant's age
- Whether there have been other complaints about the same individual
- The alleged harasser's rights to receive information about the allegation if the information is maintained as an educational record under the Family Educational Rights and Privacy Act.

### Consequences

Students or employees who violate this policy shall be subject to disciplinary or other corrective action with due process provided as necessary.

Any complaint that is determined to have been processed maliciously or in bad faith, shall be deemed to be in violation of this policy and may give rise to disciplinary consequences against the complainant.

Any complaint that involves allegations which constitute or may constitute criminal behavior, will be immediately and directly referred to law enforcement personnel by the District.

### False Accusations

Employees and/or students who *knowingly* make false accusations against another individual as to allegations of harassment may also face appropriate disciplinary action.

### Training

The District shall provide appropriate written notice and preventative training to students, staff, school law enforcement and volunteers regarding awareness and reporting/investigating sexual and gender based harassment and sensitivity to issues

involving sexual and gender based harassment, including condemnation of such conduct, the sanctions for harassment and preventive measures to help reduce incidents of sexual harassment.

## **OFF-CAMPUS MISCONDUCT**

A student may be subject to discipline for conduct constituting a crime which is engaged in off of school premises or at non-school sponsored activities to the extent that the Superintendent of Schools and/or Board of Education reasonably believes that the continued attendance in school of the student would constitute an endangerment to the health, safety, welfare or morals of the student and/or others in our schools.

A student may be subject to discipline for off campus conduct that does not involve criminality that the Building Principal and/or Superintendent of Schools and/or Board of Education reasonably believes has a nexus to the educative process, i.e.: student-student, student-personnel interactions that foreseeably would have a detrimental or disruptive effect upon school programs or activities.

Penalties for misconduct will be determined in accordance with the severity of the violation.  
[SEE ALSO CYBERBULLYING]

Note: See specific timeline for reporting suspected DASA violations at page 32 under “Faculty and Staff.”

All staff members who are authorized to impose disciplinary sanctions are expected to do so in a prompt, fair, and lawful manner. The building administrator or his or her designee must notify the appropriate local law enforcement agency of those code violations that may reasonably constitute a crime as soon as practical, but in no event later than the close of business the day the building administrator or his or her designee learns of the violation. #### **SELF-DEFENSE**

Physical assault and fighting are not allowed. Those who are involved in such physical altercations will be subject to disciplinary action. All circumstances of self-defense will be taken under consideration by administration. Self-defense is using reasonable force against another when and to the degree a person reasonably believes the force is immediately necessary to protect him or herself or others. Fighting after staff intervention is prohibited.

#### **STAFF-STUDENT RELATIONS (FRATERNIZATION)**

All District employees must maintain a professional and ethical relationship with students; one that is conducive to an effective, safe learning environment. Staff must establish appropriate personal boundaries with students and must not engage in any behavior that could reasonably lead to even the appearance of impropriety.

Staff members are prohibited, under any circumstances, to date or engage in any improper fraternization or undue familiarity with students, regardless of the student’s age and/or regardless of whether the student may have “consented” to such conduct. Further, employees shall not entertain students or socialize with students in such a manner as to create the

perception that a personal relationship exists. Similarly, any action or comment by a staff member which invites romantic or sexual involvement with a student is considered highly unethical, and may result in the notification of law enforcement officials and the State Education Department. Criminal charges may be filed and/or disciplinary action up to and including termination of employment may be taken by the District.

Inappropriate employee behavior includes, but is not limited to making suggestive comments, dating, requesting sexual activity, displaying physical affection, giving inappropriate personal gifts, communicating with a student (via phone, email, letters, notes, etc.) in a manner which is unrelated to course work or official school matters, providing alcohol or drugs to students, touching inappropriately, and engaging in sexual contact and/or sexual relations.

Any student who believes that he/she has been subjected to inappropriate staff behavior, as well as students, school employees, or third parties who have knowledge of or witness any possible occurrence of inappropriate staff-student relations, shall report the incident to any staff member, the employee's supervisor, the student's principal, and/or the District's designated complaint officer. In all events such reports shall be forwarded to the designated complaint officer for further investigation. Investigations of allegations of inappropriate staff-student relations shall follow the procedures utilized for complaints of harassment within the District. Allegations of inappropriate staff-student behavior shall be promptly investigated and will be treated as confidential and private to the extent possible within legal constraints.

Any employee having knowledge of or "reasonable suspicion" that another employee may have engaged in inappropriate conduct which may constitute child abuse in an educational setting must also follow the District's reporting procedures for such allegations. Such information will be reported by the designated administrator to law enforcement officials, the State Education Department, and/or Child Protective Services.

### **STUDENT SEARCHES AND INTERROGATIONS**

The Board of Education is committed to ensuring an atmosphere on school property and at school functions that is safe and orderly. To achieve this kind of environment, any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or the Code of Conduct. Students are not entitled to any sort of Miranda type warning before being questioned by school officials, nor are school officials required to contact a student's parent before questioning the student. However, school officials will tell all students why they are being questioned.

In addition, the Board authorizes the Superintendent, Building Principals/assistant principals and the Senior Security Monitor to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will result in evidence that the student violated the law or the District Code of Conduct.

Before searching a student or the student's belongings, the authorized school official should ask whether the student possesses physical evidence in an attempt to get the student to voluntarily consent to the search. Searches will be limited to the reasonable scope necessary to locate the evidence sought. Whenever practicable, searches will be conducted in the privacy of administrative offices, and students will be present when their possessions are being searched.

### Entry Searches (Metal Detectors)

On April 21, 2008, the Poughkeepsie City School District incorporated a metal detection system into our present card entry scanning security system at the Circle of Courage Learning Community building. The following will apply to all buildings operated by the Poughkeepsie City School District when applicable. The Board of Education recognizes its responsibility to take reasonable steps to ensure that students have a safe learning environment, along with its responsibility to respect the Constitutional rights of students and visitors.

### Purpose

The purpose of the metal detector scan is to prevent concealed weapons from entering the school environment and to identify concealed weapons and contraband. At no time is the degree and nature of the search to go beyond what is necessary to allow staff to discharge its responsibility for the safety of students. If weapons or other contraband are found in the possession of any person on school property, such evidence shall be referred to the police. Additionally, such evidence may be used for student disciplinary purposes.

### Notification

Signs will be posted outside the building at every entrance in which the metal detection system is in operation in order to provide notice to all persons entering the school that they are subject to a random screening for weapons as a condition of entry.

### Procedure

Students will be asked to empty their pockets, bags, or other belongings of all items containing metal which would set off the metal detector and to place those items into a receptacle until the scan is completed. Students will then be asked to walk through the metal detector. If an alarm sounds an audible "Warning," the detection monitor also displays where on the person the object is located, which assists Security in knowing where on the student needs further inspection. The student will then be asked to step aside and he or she will be searched (in accordance with section 5330-R of the Poughkeepsie City School District Policy) for any further metal items that may have activated the detector. The students' non-weapon property will then be returned to the students.

Students may not bring prohibited items to school in accordance with the Poughkeepsie City School District's Code of Conduct. If students are found to possess an item not permitted on school grounds during this search, appropriate disciplinary action will be taken.

All students and visitors entering the school or program may be searched. Under no circumstances may school officials single out a particular individual or individuals to be searched, unless there is reasonable individualized suspicion to believe that such person or persons are in possession of a prohibited item.

## **DRIVING AND PARKING PRIVILEGES FOR STUDENTS**

Students may drive to and park at school if their application for permit is approved by the administration. Applications, available in the assistant principal's office, require a valid New York State driver's license, current registration and insurance identification card, and parental permission.

### **Driving Rules:**

- A. Car trouble is not a legal excuse for lateness or absence from class or school.
- B. Park in the student parking lot located by the football field.
- C. Display the permit sticker on the rear view mirror.

Any vehicle without permit will be towed at owner's expense. Any violation of student driving regulations may result in suspension from school, suspension of drive and park privileges, and/ or notification of police.

### **Use of Hand-Held Detectors**

Weapon scanning of persons will be conducted, where possible, by school officials of the same gender as the individual when available. Persons who refuse to cooperate will be referred to the principal for appropriate action. When a student refuses to consent to a search, such student shall not be permitted to enter the building.

### **Athletic Contests, Optional Programs, and Extracurricular Activities**

Persons refusing to cooperate with the scanning procedure prior to entry into an athletic contest, optional program or extracurricular activity will be denied entry.

### **Response to Activation of the Metal Detector**

- If the detector is activated while scanning a bag or parcel, its owner will be requested to open the bag or parcel and remove any remaining metal objects which may set off the scanner. The school official will then conduct a second scan. If the second scan still activates the metal detector, the school official will then examine the contents for weapons. If items in the bag or parcel must be shifted to provide a better view, the school official will use a dowel stick or ruler to do so. Reasonable efforts shall be made to protect student/visitor privacy by not emptying the contents of bags and backpacks in plain view of other students and visitors.
- If the metal detector activates on a person and the source of the alarm is not apparent (e.g., jewelry), the school official conducting the scan will direct the individual to remove, if possible, any remaining metal objects from his/her person and will conduct a second scan. If the detector activates again, the principal/designee shall direct a member of the staff to escort the individual to a separate and private area (e.g., an office) and to conduct a search in accordance with the procedures outlined below.

### *Discovery of Contraband*

- If weapons or other illegal contraband are found in the possession of any person on school premises, the City of Poughkeepsie Police Department will be contacted for possible criminal prosecution.
- In cases where the police do not arrest the individual, the procedures for sending contraband to the Administrator for Student Discipline are to be followed.

### *Return of Property*

- All property removed from an individual which is illegal or not permissible will not be returned to that individual upon completion of the search.

### Luggage Search

Students and parents who attend overnight field trips will be notified in writing that they will be subject to a luggage search. Parents can be present for the search. If the student or parent refuses the search, the student will not be allowed to attend the field trip and the parent will be required to pick up the student. If a prohibited item is found in the luggage, the student will not be allowed to go on the field trip.

### Student Lockers, Desks, and Other School Storage Places

The rules in this Code of Conduct regarding searches of students and their belongings do not apply to student lockers, desks, and other school storage places. Students have no reasonable expectation of privacy with respect to these places and school officials retain complete control over them. The school principal or his/her designee is authorized to open lockers in the presence of another witness and to examine their contents to include personal belongings of students when such person has reasonable suspicion to believe that the contents threaten the safety, health, or welfare of any student or include property stolen from school personnel, or other students. This policy does not preclude administrators from being able to randomly search lockers. This means that student lockers, desks and other school storage places may be subject to search at any time by school officials, without prior notice to students and without their consent.

### Strip Searches

A strip search is a search that requires a student to remove any or all of his or her clothing, other than an outer coat or jacket. If an authorized school official believes there is reasonable individualized suspicion of items prohibited by the Code of Conduct it is necessary to conduct a strip search of a student, the school official may do so only if the search is authorized in advance by the superintendent in consultation with the school attorney. The only exception to this rule requiring advanced authorization is when the school official believes there is an emergency situation that could threaten the safety of the student or others. Strip searches may only be conducted by an authorized school official of the same gender as the student being searched and in the presence of another District professional employee who is also of the same gender as the student. School officials will attempt to notify the student's parent by telephone before conducting a strip search or in writing after the fact, if the parent

could not be reached by telephone.

#### Documentation of Searches

The authorized school official conducting the search shall be responsible for promptly recording the following information about each search:

- name, age and grade of student searched
- reasons for the search
- name of any informant(s)
- purpose of search (that is, what item(s) were being sought)
- type and scope of search
- person conducting search and his or her title and position
- witnesses, if any, to the search
- time and location of search
- results of search (that is, what item(s) were found)
- disposition of items found
- time, manner, and results of parental notification

The Building Principal or the principal's designee shall be responsible for the custody, control and disposition of any illegal or dangerous item taken from a student. The principal or his or her designee shall clearly label each item taken from the student and retain control of the item(s), until the item(s) is/are turned over to the police. The principal or his or her designee shall be responsible for personally delivering dangerous or illegal items to police authorities within 24 hours.

Any weapon, alcohol or illegal substance found shall be confiscated immediately, if possible, followed by notification to the parent of the student involved and the appropriate disciplinary sanction if warranted, which may include permanent suspension and referral for prosecution.

#### Police Involvement in Searches and Interrogations of Students

District officials are committed to cooperating with police officials and other law enforcement authorities to maintain a safe school environment. Police officials, however, have limited authority to interview or search students in schools or at school functions, or to use school facilities in connection with police work. Police officials may enter school property or a school function to question or search a student or to conduct a formal investigation involving students only if they have:

- a search or an arrest warrant or
- probable cause to believe a crime has been committed on school property or at a school function or
- are in hot pursuit of a person who is believed to be present on school property

Before police officials are permitted to question or search any student, the Building Principal or his or her designee shall first try to notify the student's parent to give the parent the opportunity to be present during the police questioning or search. The principal or designee will also be present during any police questioning or search of a student on school property

or at a school function.

Students who are questioned by police officials on school property or at a school function will be afforded the same rights they have outside the school. This means:

- they must be informed by the police of their legal rights
- they may remain silent if they so desire
- they may request the presence of an attorney

#### Law Enforcement Trained Narcotics Detection Dogs

Only trained narcotics detection dogs under the control of law enforcement agencies shall be used in locker, automobile, or parcel searches. Dogs will not be used to search students at any time.

#### Law Enforcement Trained Bomb Detection Dogs

Only trained bomb detection dogs under the control of law enforcement agencies shall be used in searches. Bomb Detection Dogs are designed for the detection of bombs and other explosive devices.

#### Video Surveillance

Cameras may be used in school buildings, school buses or other school property in areas where there is no “reasonable expectation of privacy” in order to assist the District to maintain student discipline, to safeguard facilities and property of the District and for the safety of students, staff, and visitors while on District property.

To this end, although unable to guarantee that any selected filtering and blocking technology will work perfectly, the Board directs the Superintendent of Schools to procure and implement the use of technology protection measures that block or filter Internet access by:

- adults to visual depictions that are obscene or child pornography, and
- minors to visual depictions that are obscene, child pornography, or harmful to minors, as defined in the Children's Internet Protection Act.

Subject to staff supervision, however, any such measures may be disabled or relaxed for adults conducting bona fide research or other lawful purposes, in accordance with criteria established by the Superintendent or his or her designee.

## **Social Media**

Social Media such as Facebook, Twitter, and Youtube have increased the ability for communication between and among school community constituent groups. The use of such media can create an increase in communication and access to information and interaction.

With the popularity of Social Media as a means of staying connected in today's world, faculty, staff, students, and parents are advised to clearly distinguish between personal and professional communications in order to maintain confidentiality and professionalism and in order to avoid potential conflicts or the appearance of impropriety.

## **TRESPASSING ON SCHOOL PROPERTY/LOITERING**

Students are not allowed to enter the premises of a school other than his/her school, unless prior permission is received from an administrator of the school to be visited, or unless the school is hosting a school-related function, such as an academic or athletic activity. A student may not enter or remain in any school building on weekends or after school hours without authorization or permission. NOTE: When a student refuses to leave any school property and/or returns to any school property after being instructed by school staff or law enforcement staff to leave the property, the student will be in violation of this section and the matter will be referred to law enforcement. Students should not remain in the parking lot or other areas of any school building when they do not have classes or are not participating in District related activities.

## **TRUANCY/CUTTING CLASS/LEAVING SCHOOL/UNAUTHORIZED WALK-OUT**

Failure to attend school all or part of the instructional day without a lawful excuse is prohibited. During regular school hours, students are not allowed to leave classrooms, the school building, or campus without school permission. Students who are truant will receive after school detention and the School District will take further action including notifications of parents and authorities.

## **VANDALISM**

Destruction of and/or threats to destroy or damage or deface school, private, or public property which includes, but is not limited to, setting fires, attempts to destroy, damage, or deface school or staff property or property used by the school, and/or vandalism is prohibited.

## **DISCIPLINARY PROCEDURES, PENALTIES, AND REFERRALS**

### Procedures

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

Disciplinary action, when necessary, will be firm, fair and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

- the student's age and grade
- the nature of the offense and the circumstances which led to the offense
- the student's prior disciplinary record
- the effectiveness of other forms of discipline
- information from parents, teachers, and/or others, as appropriate
- other extenuating circumstances

As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lighter penalty than subsequent violations. If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the Committee on Special Education and discipline, if warranted, shall be administered consistent with the separate requirements of this Code of Conduct for disciplining students with a disability or presumed to have a disability. A student identified as having a disability shall not be disciplined for behavior which is determined to be a manifestation of his/her disability unless such conduct involves drugs, weapons or serious bodily injury as defined herein.

- The repeating of an infraction may lead to the imposition of a more serious measure of discipline.
- Chronic repeating of infractions may lead to long-term suspension or permanent suspension (expulsion).
- All infractions will be dealt with at the discretion of the Administration.
- It is understood that the district has the authority to modify any of the aforementioned steps based upon the individual circumstances presented.

#### Discrimination and Harassment

The Dignity Act emphasizes the creation of a positive learning atmosphere prioritizing a range of age appropriate rehabilitative responses to discrimination and harassment rather than promoting zero tolerance approaches to discipline, which fails to effectively address the causes of harassment and is often disproportionately used against marginalized students that the Dignity Act is meant to protect. The Dignity Act encourages a more effective approach in which consequences for a student who commits an act of discrimination or harassment are unique to the individual incident and will vary in method and severity according to the nature of the behavior, the developmental age of the student and the student's history of problem behaviors.

The Dignity Act calls for "remedial responses" that make appropriate use of intervention, discipline and education for Code of Conduct violations. Remedial responses appropriately place the focus of discipline on discerning and correcting the reasons why harassment and discrimination occur; these remedial responses are designated to correct the problem

behavior, prevent another occurrence of the behavior, and protect the target of the act. Appropriate remedial measures may include but are not limited to:

- Instructional Support Team review
- Restitution and restoration
- Peer support groups, corrective instruction in small groups
- Supportive Behavior Intervention
- Functional Behavior Assessment
- Behavior Management Plans
- Student counseling in small groups or individual session
- Parent Conferences

Please refer to the Dignity for All Students on-line at [www.poughkeepsieschools.org](http://www.poughkeepsieschools.org) in the Policy manual.

Students Who Bring a Weapon to School:

Any student found guilty of bringing a weapon onto school property will be subject to suspension from school for at least one calendar year. Before being suspended, the student will have an opportunity for a hearing pursuant to Education Law §3214. The Superintendent has the authority to modify the one-year suspension on a case-by-case basis. In deciding whether to modify the penalty, the Superintendent may consider the following:

- the student's age
- the student's grade in school
- the student's prior disciplinary record
- the Superintendent's belief that other forms of discipline may be more effective
- input from parents, teachers and/or others
- other extenuating circumstances

A student with a disability may be suspended only in accordance with the requirements of state and federal law.

Students Who Commit Violent Acts Other Than Bringing a Weapon to School:

Any student who is found to have committed a violent act, other than bringing a weapon onto school property, shall be subject to suspension from school for at least two days. The Superintendent has the authority to modify the minimum two-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the Superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

A student with a disability may be suspended only in accordance with the requirements of state and federal law.

Students Who are Repeatedly Substantially Disruptive of the Educational Process or Repeatedly Substantially Interfere with the Teacher's Authority over the Classroom:

Any student who repeatedly is substantially disruptive of the educational process or who substantially interferes with the teacher's authority over the classroom will be suspended from school for at least two days. For purposes of this Code of Conduct, "repeatedly substantially disruptive" means engaging in conduct that results in the student being removed from the classroom by teacher(s) pursuant to Education Law §3214(3-a) and this Code on four or more occasions during a semester.

A student with a disability may be suspended only in accordance with the requirements of state and federal law.

*Penalties*

Anytime a referral is written and a consequence is assigned for inappropriate behavior, a parent should be contacted. When a student receives a referral, a discipline file for that student is created and maintained in the office. The file is checked whenever the student receives another referral. Discipline will be assigned in a fair and progressive fashion. The range of disciplinary options that may be imposed for violations of the Code of Conduct may be assigned alone or in combination. Penalties include, but are not limited to the following:

- oral warning by any member of the district staff
- referral to counseling
- written warning by bus drivers, hall and lunch monitors, coaches, guidance counselors, teachers, acting principal, principal, superintendent
- written notification to parent by bus driver, hall and lunch monitors, coaches, guidance counselors, teachers, acting principal, principal, superintendent
- detention (before school, after school) by teachers, acting principal, principal, superintendent
- suspension from transportation, acting principal, principal, superintendent
- suspension from athletic participation by coaches, athletic director, acting principal, principal, superintendent
- suspension from social or extracurricular activities by activity director, acting principal, principal, superintendent
- suspension of other privileges by acting principal, principal, superintendent
- in-school suspension by acting principal, principal, superintendent

- removal from classroom by teacher by teachers, acting principal, principal
- short-term (five days or less) suspension from school by principal, acting principal, superintendent, board of education
- long-term (more than five days) suspension from school by superintendent, board of education
- permanent suspension from school by superintendent, board of education

Please note: When a student engages in criminal activity on school grounds, the school district will assist law enforcement officials as necessary. As warranted, charges may be pressed by victims or by school officials. Please be reminded that depending on the student's age, some criminal activity (i.e. bomb threats or weapons) may result in incarceration as determined by a court of law.

### Procedures

The amount of due process a student is entitled to receive before a penalty is imposed depends on the penalty being imposed. In all cases, regardless of the penalty imposed, the school personnel authorized to impose the penalty must inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the alleged misconduct. All students will have an opportunity to present their version of the facts to the school personnel imposing the disciplinary penalty in connection with the imposition of the penalty.

Students who are to be given penalties other than an oral warning, written warning or written notification to their parents are entitled to additional rights before the penalty is imposed. These additional rights are explained below.

### Detention

Teachers, principals and the superintendent may use recess or after school detention as a penalty for student misconduct in situations where removal from the classroom or suspension would be inappropriate. After school detention will be imposed as a penalty only after the student's parent has been notified to confirm that there is no parental objection to the penalty and the student has appropriate transportation home following detention.

### In-school suspension

The board recognizes the school must balance the need of students to attend school and the need for order in the classroom to establish an environment conducive to learning. As such, the board authorizes Building Principals and the superintendent to place students who would otherwise be suspended from school as the result of a code of conduct violation in "in-school suspension."

A student subjected to an in-school suspension is not entitled to a full hearing pursuant to Education Law §3214; however, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official imposing the in-

school suspension to discuss the conduct, present his/her side of events and confront complaining witnesses, and the penalty involved prior to assigning the student to in-school-suspension.

#### Suspension from Transportation Service

If a student does not conduct himself/herself properly on a bus, the bus driver is expected to bring such misconduct to the attention of the Building Principal. The Building Principal will confront the Student about the alleged misconduct prior to effectuating a transportation suspension. Students who become serious disciplinary problems may have their riding privileges suspended by the Building Principal or the superintendent. In such cases, the student's parent will become responsible for seeing that the child gets to and from school safely. Should the suspension from transportation be a long term suspension that amounts to a suspension from attendance; the school district will afford the student with a due process hearing in accordance with Education Law Section 3214.

#### Suspension from Extra-Curricular and Co-Curricular Activities, and School Functions

A student may be suspended from participating in extra-curricular or co-curricular activities (including a sports team) for an infraction of any of the provisions herein, for violating a Code of Conduct issued to participants in the activity by the activity supervisor, coach or athletic director. Said suspending authority shall confront the student prior to suspension, offer the student notice of the reason for his/her suspension and provide an opportunity to present his or her version of the events. Written notice of the student's suspension from an extra-curricular, co-curricular activity or school function shall be sent by the suspending authority to the student and his/her parents by hand delivery or express mail to ensure receipt within 24 hours. Said notice shall inform the parent and student of their right to an informal conference with the suspending authority at which they will have the opportunity to confront complaining witnesses and present evidence in the student's defense. Following said meeting, a final decision will be reached regarding the suspension. Appeal of the suspension may be made to the student's Building Principal within 14 days. Upon the request of the student's parent, the Building Principal shall allow the parent/guardian or other representative of the student the right to appear before him/her informally to discuss the conduct which led to suspension from the activity.

If a student is suspended from school pursuant to §3214 of the Education Law, s/he shall not be permitted to participate in any extra-curricular or co-curricular activities, as well as any other school events or activities which take place on the days of suspension (including intervening weekends).

#### Teacher Removal of a Student from the Classroom

The District has determined that certain acts of misconduct interfere with instruction and/or the safety and welfare of students and staff. Although some incidents of misconduct may require removal from the classroom or suspension from school, effort will be made to deal with misconduct without removal from the classroom or suspension from school. However, no child will be allowed to continue disrupting the instruction of the class or interfering with the safety of the school, its staff, students and visitors. Early in the academic year, teachers will make every effort to familiarize themselves with all available information and records

about the program placement of every student in their classes. A wide range of behavior modification interventions and time-honored management techniques should support students in all of the educational programs, and teacher removal of a disruptive student should only be done following application of these interventions. In most instances, the classroom teacher can control a student's behavior and maintain or restore control over the classroom by using good classroom management techniques.

A classroom teacher may remove a disruptive student for up to two days from his/her classroom when the student substantially disrupts the educational process or substantially interferes with the teacher's authority over the classroom. "Substantially disruptive" shall mean that the course of instruction has to be discontinued such that it significantly breaks the continuity of the lesson, in order to address the disruptive conduct of the student. "Substantially interferes" with the teacher's authority over the classroom shall mean that the student has been insubordinate to the teacher in the presence of the class and has failed to obey the teacher's directives to cease and desist.

If the teacher finds that the pupil's continued presence in the classroom does not pose a continuing danger to persons or property and does not present an ongoing threat of disruption to the academic process, the teacher shall, prior to removing the student from the classroom, provide the student with an explanation of the basis for the proposed removal and allow the pupil to informally present the pupil's version of relevant events.

If the student poses a danger or ongoing threat of disruption, the teacher may order the student to be removed immediately. The teacher must, however, explain within 24 hours to the student why he or she was removed from the classroom and give the student a chance to present his or her version of the relevant events.

The teacher must immediately notify a building administrator or designee and complete a district-established disciplinary removal form.

The principal or designee must inform the student's parent of the removal and the reasons therefore within 24 hours of the student's removal. Upon request, the student and or his/her parent must be given an opportunity for an informal conference with the Principal or designee to discuss the reasons for removal. If the parent, upon notification by the authorized administrator, requests an informal conference, the teacher is obliged to be present at the conference, provided the teacher is given reasonable advance notice and the conference takes place during the regular work day.

If, at the informal meeting, the student denies the charges, the building administrator or designee must explain why the student was removed and give the student and the student's parents a chance to present the student's version of the relevant events. Parent(s) and/or the student have an opportunity to disagree. The informal conference must be held within 48-hours of the student's removal. If such 48-hour period were to terminate on a day in which school is not in session, such meeting shall be scheduled as soon as possible on the next school day. The timing of the informal meeting may be extended by mutual agreement of the parent and building administrator. The authorized administrator must decide to uphold or

reverse the removal before the end of the following school day. The authorized administrator must notify the teacher and parent(s) of this decision in writing.

The Principal may overturn the removal of the student from class if the authorized administrator finds any one of the following:

- the charges against the student are not supported by substantial evidence
- the student's removal is otherwise in violation of law, including the district's Code of Conduct
- the conduct warrants suspension from school pursuant to Education Law §3214 and a suspension will be imposed

The building administrator or designee may overturn a removal at any point between receiving the referral form issued by the teacher and the close of business on the day following the 48-hour period for the informal conference, if a conference is requested. No student removed from the classroom by teacher will be permitted to return to the classroom until the building administrator makes a final determination, or the period of removal expires, whichever is sooner.

Any disruptive student removed from the classroom by the classroom teacher shall be offered continued educational programming and activities until he or she is permitted to return to the classroom. In the event of teacher removal of a disruptive student in accordance with the Code of Conduct, continued educational programming will be provided as soon as practical.

Each teacher must keep a record for all cases of removal of students from his or her class. The building administrator must also keep records of all removals of students from class.

### **STUDENT SUSPENSION PROCESS**

Suspension from school is a severe penalty, which may be imposed only upon students who are insubordinate, violent or disruptive, or whose conduct otherwise endangers the safety, morals, health or welfare of others.

The Board of Education, Superintendent of Schools, a Building Principal or in his/her absence, an acting Building Principal, may suspend a student from school where it is determined that the student is:

- insubordinate or disruptive, or exhibits conduct which endangers the safety, morals, health or welfare of others
- removed from a classroom for substantially disrupting the educational process or substantially interfering with the teacher's authority in the classroom
- violent during attendance at school.

Although the Board retains its authority to suspend students, it places primary responsibility for the suspension of students with the superintendent and the Building Principal or acting principal.

Any staff member may recommend to the Building Principal or acting principal that a student be suspended. All staff members must immediately report and refer a violent student to the Building Principal or acting principal for a violation of the Code of Conduct. All recommendations and referrals shall be made in writing unless the conditions underlying the recommendation or referral warrant immediate attention. In such cases a written report is to be prepared as soon as possible by the staff member recommending the suspension.

The Building Principal or acting principal, upon receiving a recommendation or referral for suspension or when processing a case for suspension for up to five (5) days, shall gather the facts relevant to the matter and record them for subsequent presentation, if necessary.

In addition to the statutory grounds for suspension from school for conduct or health condition, students shall also be subject to suspension based upon a violation of the specific disciplinary infractions identified as prohibited student conduct.

#### Pre-suspension Process and Short Term Suspension Process (up to 5 School Days)

Prior to being suspended from school, the student shall be personally questioned by the Building Principal, acting principal or Superintendent of Schools, at which time the evidence upon which the decision to suspend is based shall be stated to the student and the student shall be given the opportunity to explain his/her version of the facts. Additionally, the principal, acting principal or Superintendent will attempt to make telephone contact to the parents or guardian of the student and inform them of the proposed suspension, the basis for it and of parent's right to request an informal conference with Principal to personally question complaining witnesses and present evidence. Also, written notice of the same shall be mailed (by express mail so as to ensure receipt within 24 hours) to parents or hand delivered within 24 hours. If the student's presence in the school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process, such informal conference shall occur following suspension, as soon thereafter as is reasonably practicable. In all cases there shall be no suspension until after the student has been personally questioned by the Building Principal or Acting Building Principal and afforded an opportunity to explain his/her version of the facts.

The right to an informal conference with the principal shall also extend to a student of 18 years of age or older. The notice and informal conference shall be in the dominant language or mode of communication used by the parent.

Any appeal brought by the parent or a student who is over the age of 18 of a principal's suspension must be presented to the Superintendent prior to filing any further appeal. The decision of the Superintendent may be appealed to the Board of Education and then to the New York State Commissioner of Education.

## The Long-Term Suspension Process: Suspension for More than Five Days

### Pattern of Long-term Suspensions

Any suspension from school in excess of five school days shall be considered a long-term suspension. Unless there is an agreement between the person requesting the suspension and the parent, a long-term suspension may be done only after the Superintendent of Schools, the Board of Education, or Superintendent of Schools designee has conducted a hearing.

When a student is subject to a long-term suspension, a hearing shall be conducted by the Board of Education or the Superintendent or his/her designee as determined by the school authorities. The Superintendent of Schools or Board of Education may designate a Hearing Officer to make recommended findings of fact with respect to the charges of infractions under this Code of Conduct, as well as penalty recommendation pursuant to the penalty parameters described herein.

### Hearing Procedures

#### *Notice of Hearing*

In the event of the suspension of a student under the age of 18 years, the notice of suspension will be mailed or delivered to the parent, who shall have a minimum of 48 hours notice of the time and place of the hearing, notice of rights at the hearing, as well as the nature of the charge(s).

In the event of the suspension of a student over the age of 18, the notice, as described above, shall be delivered or mailed to the student, as well as to the student's parents(s) if any. Emancipated minors shall be entitled to the same notice rights as a student beyond the age of 18 years.

All notices of long-term suspension hearings shall contain provisions indicating that the student has the right to be represented by an attorney or lay counsel, that a transcript of the hearing will be prepared in the form, at the district's discretion, of a tape recording, or stenographic record and that the student has the right to subpoena witnesses, or otherwise present witnesses in his/her defense. The time, date and location of the hearing shall also be prominently set forth in the notice. If the student is 18 years of age or older, the letter described above will be mailed to the student as well as his/her parent.

#### *The Long-Term Suspension Hearing*

The hearing shall be conducted by the Board of Education, Superintendent or a designated Hearing Officer. At the beginning of the hearing, the Hearing Officer shall inform the student and the student's representative(s) that:

- the District's and the student's representatives shall have the right to examine and cross-examine witnesses
- the student may be represented by an attorney, parent or other adult
- the student has the right to present witnesses in defense of their actions
- the student has the privilege against self-incrimination, but that if the student does testify, s/he shall be subject to cross-examination

- the District has the burden of proving the charges by a preponderance of credible evidence
- a tape recorded or stenographic record (format determined at the district's discretion) of the proceedings shall be maintained and made available to the student's representative upon request and that the hearing shall be private or open to the public, as determined by the student's representative

The Hearing Officer shall inform the parties that:

- the case will proceed by having the District present its evidence through witnesses and other evidence first
- the District's witnesses shall be subject to cross-examination by the student or his/her representative
- the student will then have the opportunity to present witnesses on his/her behalf, subject to cross-examination by the District's representative

Following the conclusion of the testimony and the introduction of other evidence matters, the parties shall be afforded the opportunity to present oral arguments to the Hearing Officer indicating the reasons why the charges should be sustained or dismissed. The Hearing Officer shall then reach findings of fact upon the charges.

In the event that one or more of the charges is sustained, the Hearing Officer shall then entertain statements from the parties regarding the appropriate penalty outcome. In the event that the parent and/or the student, in an appropriate case, have been served in 48 hours advance with the student's past disciplinary anecdotal record, it may be offered for consideration at the hearing, and such record may be considered by the Hearing Officer in determining an appropriate penalty. If the student or his/her representative challenges incidents contained in the past anecdotal record, he/she shall be entitled to a separate hearing with regard to the same prior to the use of this record.

The Hearing Officer, upon the conclusion of the portion of the proceedings dealing with penalty determinations, shall make findings of fact and penalty recommendations, if any, to the person or body which designated him/her immediately upon the conclusion of the long-term suspension hearing.

The Superintendent or Board, respectively, shall conduct a whole record review and make a findings of fact and a penalty decision if appropriate, by either adopting the recommendations of the designated Hearing Officer, where applicable, in whole or in part, or by reaching independent findings of fact and penalty determinations. This process must be completed by the 5th school day absent a written agreement by the parent and the District. The decision shall be immediately communicated to the student's representative and/or student (when the student is over the age of 18).

### Appeals Process

The decision of the Superintendent with respect to the findings of fact sustaining charges in a long-term suspension hearing and/or penalty determination shall be subject to appeal to the Board of Education within 30 days. The Board shall review the record of the proceedings before the Superintendent or his/her designated Hearing Officer, including a review of the transcript of the proceedings, documentary evidence and written arguments of the representatives of the respective parties, if any. The Board does not provide the representatives of the respective parties with the opportunity either to present evidence not previously in the record or to make arguments in person before the Board.

In the event that the initial long-term suspension hearing was conducted by the Board or its designated Hearing Officer, or where the Board has ruled on an appeal from a Superintendent's long-term suspension hearing, the matter may be further appealed to the Commissioner of Education and the courts of law in accordance with applicable law and regulations.

### Referrals

- Counseling (The CSE, Social Worker, Psychologist and/or Guidance Office) shall handle all referrals of students to counseling.
- PINS Petitions -The district may file a PINS (person in need of supervision) petition in Family Court on any student under the age of 18 who demonstrates that he or she requires supervision and treatment by:
  - being habitually truant and not attending school as required by part one of Article 65 of the Education Law
  - engaging in an ongoing or continual course of conduct which makes the student ungovernable, or habitually disobedient and beyond the lawful control of the school
  - knowingly and unlawfully possesses marijuana in violation of Penal Law § 221.05. A single violation of § 221.05 will be a sufficient basis for filing a PINS petition
- Juvenile Delinquents and Juvenile Offenders
  - The superintendent is required to refer the following students to the County Attorney for a juvenile delinquency proceeding before the Family Court:
    - any student under the age of 16 who is found to have brought a weapon to school or

- any student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedure Law §1.20 (42)
- The Superintendent is required to refer students age 16 or older or any student 14 or 15 years old who qualifies for juvenile offender status to the appropriate law enforcement authorities.

#### Alternative Instruction

Pursuant to the Education Law, no compulsory education age student shall be suspended from school in his/her regularly scheduled classes without being provided alternative equivalent instruction either in the form of home instruction or instruction in an alternative setting. Such instruction shall be of an equivalent nature to that provided in the student's regularly scheduled classes. A good faith effort shall be made to provide such alternative instruction immediately.

In the event that a student within the compulsory education ages of six and the end of the school year in which s/he becomes 16 is suspended from school in excess of five school days, alternative equivalent instruction shall be provided for the duration of the period of suspension.

#### **SUSPENSION OF STUDENTS WITH DISABILITIES**

In the event that a student has a known disability or when school officials can be deemed to know in accordance with law that a student has a disability or meets the suspected of having a disability standard, the District will first proceed to conduct a §3214 long term disciplinary proceeding for any suspension of more than five days. The §3214 disciplinary proceeding will be held in two parts, first to determine the student's guilt or innocence on the charges, and second to determine the penalty.

If guilt is determined, before a penalty may be imposed, the rules outlined below shall apply.

#### §504/ADA Disability

For a student solely with a disability under §504 of the Rehabilitation Act of 1973 ("§504")/Title II of the Americans with Disabilities Act (hereinafter referred to as the "ADA"), the §504 multi-disciplinary committee must make a determination regarding whether the conduct underlying the charges was a manifestation of the student's disability.

- If a nexus is found between the disability and the conduct, no additional discipline shall be imposed and the record of discipline imposed to date shall be expunged.
- If no nexus is found, yet a disability is indicated, or has been identified, discipline may be imposed upon remand to the §3214 hearing officer. A change in placements i.e. a suspension, removal or transfer, in excess of ten (10) school days, must be preceded by notice and an evaluation conducted by the §504 team.
- Students with a recognized §504/ADA disability who are known to be currently engaged in the illegal use of drugs or alcohol or who are found to be using or in

possession of alcohol or drugs may be disciplined, regardless of their disability status, in the same manner and to the same extent as non-disabled students.

#### IDEA Disability

For students classified or presumed to have disabilities under the IDEIA (a student with an educational disability), a Manifestation Team must make a Manifestation Determination prior to a student's suspension for 10 or more consecutive school days or prior to a suspension of 10 days or less, if it has been determined that a suspension for less than ten consecutive school days when aggregated with prior recent suspensions or removals would constitute a disciplinary change in placement.

A series of suspensions that are each ten (10) days or fewer in duration may create a pattern of exclusions that constitutes a disciplinary change in placement. That determination will be made on a case-by-case basis in accordance with applicable law and regulation. Among the factors to be considered in making this determination are the length of each suspension, the proximity of the suspensions to one another, and the total amount of time the student is excluded from school.

A student shall be presumed to have a disability if prior to the time the behavior occurred if the Superintendent and/or Building Principal and/or other school official imposing the suspension determine that:

- the parent or guardian of the child has expressed in writing to supervisory or administrative personnel of the appropriate educational agency or to a teacher of the student that the student is in need of special education, provided that such notification may be oral if the parent does not know how to write or has a disability that prevents a written statement or
- the parent of the student has requested an evaluation of the student in writing or
- a teacher of the student or other personnel of the District has expressed specific concern about a pattern of behavior demonstrated by the student to supervisory personnel in the District in accordance with the District's child-find procedures

A student shall not be presumed to have a disability for discipline purposes, despite satisfaction of one or more of the above criteria, if:

- the parent of the student has not allowed a relevant evaluation of the student by the Committee on Special Education ("CSE")
- the parent of the student has refused special education services or
- it was determined by the CSE or Committee on Preschool Special Education ("CPSE") that the Student is not a student with a disability

### Manifestation Determinations

A Manifestation Team shall include a representative of the school district knowledgeable about the student and interpretation of information about child behavior, the parent and relevant members or the committee on special education as determined by the parent and the school district. The parent must receive written notification prior to any Manifestation Team meeting to ensure that the parent has an opportunity to attend and is informed of their right to have relevant members of the CSE participate at the parent's request.

- When making a manifestation determination, the Manifestation Team shall review all relevant information in the student's file including the student's IEP, any teacher observations and any relevant information provided by the parent to determine if:
  - the conduct in question was caused by or had a direct and substantial relationship to the student's disability or
  - the conduct in question was a direct result of the school district's failure to implement the IEP

If either of the aforementioned criteria listed above are answered affirmatively, the conduct in question shall be deemed to be a manifestation of the student's disability.

When the Manifestation Team determines that the conduct in question was a manifestation of a student's disability, the CSE shall meet to recommend and conduct a functional behavioral assessment and implement (or modify) a behavior intervention plan in accordance with 8 NYCRR § 201.3 and 201.4(d)(2)(a)).

A meeting for the sole purpose of making a manifestation determination does not require five calendar days' notice to the student's parent or guardian. However, if the CSE meets to consider a change in placement in conjunction with the manifestation determination, the five-day notice requirement of §200.5(a)(3) of the Commissioner's Regulations will be applicable.

### Discipline of Students With Disabilities When the Manifestation Team Makes an Affirmative "Manifestation Finding"

When an educationally disabled student's conduct is a manifestation of the child's disabling condition, a student classified under IDEIA may only be suspended from school for more than ten (10) consecutive school days if one of the following applies:

- the CSE recommends a change in placement on the student's Individualized Education Plan (IEP) and Behavior Intervention Plan and the parent, guardian or eighteen-year or older student consents to such change in writing following receipt of their Procedural Safeguards Notice
- a court order or order from an impartial hearing officer of suspension/removal of a dangerous student pursuant to 8 NYCRR 201.8 is obtained
- the violation involves weapons, drugs/controlled substances or serious bodily injury

- Unless the conduct engaged in involves weapons, drugs or serious bodily injury, if a nexus is found between the disability and the conduct, no additional discipline shall be imposed and the record of discipline imposed to date shall be expunged.

#### Suspensions for Misconduct Involving Weapons and/or Drugs and/or Serious Bodily Injury

A student classified or suspected of having a disability under IDEIA may be suspended and placed in an Interim Alternative Educational Setting ("IAES") for up to forty-five (45) school days (less if the discipline is for a non-disabled student would be less) if the student is found guilty of: 1) carrying or possessing a weapon while at school, on school property or while at a school function; 2) knowingly possessing or using illegal drugs, or selling or soliciting the sale of a controlled substance while at school, on school premises or while at school function; or 3) inflicting a serious bodily injury to another person while at school or a school function.

- In accordance with law, the term "weapon" means "a weapon, device, instrument, material or substance, animate or inanimate, that is used for, or is readily capable of causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than 2-1/2 inches in length."
- In accordance with law, the term "illegal drugs" means controlled substances but not those legally possessed or used under the supervision of a licensed health care professional or other permitted authority under the Federal Controlled Substances Act or under any other provision of Federal law. Controlled substances are drugs and other substances identified under schedules set forth in applicable Federal law provisions.
- In accordance with law, the term "serious bodily injury" means bodily injury which involves a substantial risk of death; extreme physical pain; protracted and obvious disfigurement; or protracted loss or impairment of the function of a bodily member, organ or mental faculty.

Before a student is suspended and placed in an IAES for up to 45 school days for behavior involving weapons and/or drugs and/or serious bodily injury, the Manifestation Team must conduct a manifestation determination. Placement in an IAES as a result of conduct involving weapons and/or drugs and/or serious bodily injury is not contingent upon a Manifestation Team determination that the misconduct is not related to the student's disability.

- If the student is or may be placed in an IAES, the CSE shall, as appropriate, recommend functional behavioral assessment and behavior intervention, or review any such pre-existing plan for modification.
- A CSE shall determine and recommend an IAES reasonably calculated to enable the child to continue to receive educational services, participate in the general curriculum and progress toward meeting IEP goals and objectives during the period of suspension from instruction.

### Dangerous Students

To continue the suspension of a student classified or deemed to be known as having an education disability under IDEIA for more than 10 consecutive school days, the School District may commence an expedited hearing before a special education impartial hearing officer to demonstrate that a student is “dangerous” and is substantially likely to cause injury to himself or others if returned to his last agreed upon placement. An impartial hearing officer may order the placement of the student in an interim alternative setting for up to forty-five (45) school days in accordance with 8 NYCRR §201.8 and 201.11.

- If the student is or may be placed in an IAES, the CSE shall, as appropriate, recommend a functional behavioral assessment and behavior intervention plan, or review any such pre-existing plan for modification.
- An impartial hearing officer’s determination allowing a student’s placement in an IAES as a result of dangerous behavior is not contingent upon a Manifestation Team determination that the misconduct is not related to the student's disability. The IAES placement shall be based upon the CSE’s recommendation.

### Discipline of Students With Disabilities when the Manifestation Team has made a “No Manifestation Finding”

Where a student with a disability’s conduct is found not to be a manifestation of his/her disability he/she may be disciplined in the same manner and to the same extent as non-disabled students. In such instances, the CSE shall meet upon proper notice to determine any appropriate evaluations which must be performed, to make changes to a student’s IEP and to recommend an appropriate IAES where the child can continue to receive educational services, although in another setting, that enable the child to participate in the general education curriculum and progress toward meeting IEP goals and objectives during the period of suspension from instruction. Where a suspension or disciplinary change in placement will exceed 10 school days, the CSE shall conduct a functional behavioral assessment and implement or modify a behavior intervention plan, as well as implement modifications intended to avoid a recurrence of the behavior.

### Pendency Placement

An IAES shall be deemed the student's “stay put” placement for up to forty-five (45) school days, during the pendency of any expedited due process proceedings commenced by parents to contest: 1) a finding that a student is not “presumed to have a disability”; and/or 2) a finding that the student’s misconduct was not a manifestation of the student’s disability; and/or 3) a decision to place a student in a CSE recommended IAES for misconduct involving weapons and/or drugs and/or serious bodily injury; and/or 4) the decision of an impartial hearing officer in a dangerousness hearing; and/or 5) the appropriateness of an IAES program recommended by the CSE in the context of one of the four categories of action listed above.

### Declassified Students

In accordance with law, the CSE must conduct a manifestation determination in the case of a student with an educational disability who has been declassified if the disciplinary matter involves behavioral problems.

### **THE CITY OF POUGHKEEPSIE POLICE DEPARTMENT**

Off-duty City of Poughkeepsie Police Department (CPPD) police officers are assigned to PHS. Although the police officers are assigned to PHS, the police officers are always working as the City of Poughkeepsie Police Officers. While the officers are assigned to PHS, the principal supervises the daily duties of the officers. The Officers circulate throughout the building. They monitor the lobby, the halls, and the cafeteria. The officers respond to incidents, and if needed, they are called to assist administration in handling some incidents.

CPPD Officers:

- Provide additional security in the building.
- Serve as a resource to the PHS administration, faculty, students, and parents
- Monitor the arrival of visitors in the front lobby especially in relation to custody issues, court orders, estranged friends or family members, etc.
- Defuse and de-escalate situations
- Communicate with PHS administration regarding arrest warrants, students on probation, and incidents in the community that involve PHS students as these situations/events can often make an impact on the PHS school community.
- Conduct mediation among students and parents
- Monitor violent or uncooperative students until parents arrive
- Communicate with Probation Officers
- Serve on the District SAVE Committee

### Involvement of CPPD in Disciplinary Actions

Some incidents in the District's schools warrant the involvement and the intervention of CPPD, and may result in that the police being summoned and a student being arrested by the police. It is important to note that every disciplinary event is unique and complex in that all details are unpredictable factors in the decision making process of administration.

If a student possesses or uses weapons or illegal drugs or engages in violent behavior which gives rise or could give rise to serious bodily injury in school, the police will be summoned and such conduct may result in a student's arrest. Other criminal behavior in school, on school grounds, or while at a school-sponsored activity may also cause the police to be summoned by administration and result in a student's arrest. The student may then be arrested by the police where the police assert that they have probable cause and/or an arrest warrant or lawful order to allow such arrest.

Whenever practical, the Administration, the Pupil Personnel Department, and the CPPD will conduct a risk assessment for each incident. When appropriate, the principal, with approval from the Superintendent, may summon the police and the student may thereafter be arrested if appropriate in the discretion of the police or where the police possess an arrest warrant or lawful order. The police will only be summoned with the Superintendent's, Acting

Superintendent or Superintendent's designees approval. Parents of involved students will be notified as soon as practical upon summoning of the Police.

The Code of Conduct also refers to the involvement of law enforcement in regard to:

- Bullying behavior
- Drugs and weapons
- Receiving evidence
- Searches and interrogations
- Students leaving school grounds without permission
- Unclaimed electronic devices
- Unruly visitors
- Violent and Disruptive Incident Report (VADIR) of referrals to the police or Juvenile Justice

## **PUBLIC CONDUCT ON SCHOOL PROPERTY**

### Visitors to the Schools

The Poughkeepsie City School District encourages parents, community members, and other citizens to visit its programs and classrooms to observe the work of students, teachers, and other staff. However, since our facilities are places of work and learning, certain guidelines must be set for such visits. students. The Board of Education will review this Code of Conduct every year and update it as necessary. In conducting the review, the Board will consider how effective the Code's provisions have been and whether the Code has been applied fairly and consistently.

Before adopting any revisions to the Code, the Board of Education will hold at least one public hearing, at which school personnel, parents, students or other interested parties may be present. The Code of Conduct and amendments will be filed with the Commissioner no later than 30 days after adoption.

# APPENDIX

## **SCHOOLS AGAINST VIOLENCE IN EDUCATION (SAVE) LEGISLATION**

In his State of the State address on January 6, 1999, former Governor George E. Pataki announced the creation of a Task Force on School Violence. Lt. Governor Mary O. Donohue was appointed to chair the Task Force. The Lt. Governor gathered together a broad representation of qualified individuals from across the state, including students, parents, teachers, school administrators, law enforcement experts, business leaders, mental health professionals and local elected officials. The goal was to bring the best methods of improving school safety to every school to ensure that students are focused on meeting the high academic standards rather than on personal safety.

On July 24, 2000, former Governor Pataki signed into law the most comprehensive legislative plan in the nation, entitled Project SAVE (Safe Schools Against Violence in Education), to promote a safer and more effective learning environment within New York State's schools.

There are 16 components of SAVE Legislation:

1. District-Wide School Safety Plan
2. Building-Level Emergency Response Plans
3. Codes of Conduct
4. Teacher Authority/Principal Authority
5. Uniform Violent Incident Reporting
  - a. (Violent and Disruptive Incident Reporting - VADIR)
6. Instruction in Civility, Citizenship, and Character Education
7. Health Curriculum
8. Interpersonal Violence Prevention Education
9. School Violence Prevention Training
10. Whistle Blower Protection
11. Fingerprinting
12. Assaults on Teachers
13. Child Abuse Reporting
14. Prohibiting Silent Resignations
15. Teacher Discipline
16. Court Notification

SAVE legislation and the regulations that accompany it, are designed to promote positive programming, to prevent violence from erupting, and to unite school communities around desired behaviors in schools. It is important to note that the Middle School and High School referral forms are aligned with the terminology in the Code of Conduct and the VADIR report.

As of July 1, 2006, weapons that are detected and confiscated as a result of a security screening process (scanners, metal detectors, and other devices) upon entry into the school building should be recorded in this category. The phrase "upon entry" into the school building means that the weapon(s) is detected as a result of students, staff or visitors passing through these devices in order to get into the school building proper. This category is to be used only for weapons possession incidents that are discovered as a result of scanning devices at entrances, not within the school building or as a result of random searches of individuals or lockers, etc...

For the privilege activities, such as the prom, students, their guests and any possessions (including vehicles) brought to the event location shall be subject to search for illegal substances (e.g., weapons, alcohol, drugs). In addition, since driving to school and parking on school grounds is a privilege, school officials have the right to search a student's vehicle while it is parked on campus if there is reasonable individualized suspicion that it may contain anything that may endanger the health, safety or welfare of students and / or school personnel.

- (20) ***Other Disruptive Incidents:*** Other incidents involving disruption of the educational process and that rise to the level of a consequence listed in the *Summary of Violent and Disruptive Incidents Form* (columns j-o). Reportable incidents are limited to those resulting in disciplinary action or referral.

Routine referrals of a student to a principal or assistant principal for possible disciplinary action should not be counted as a teacher removal.

This definition is from the National Center for Education Statistics.

## LEVELS OF INTERVENTIONS

<b>LEVEL 1</b>	<p><b>Example of Classroom Interventions and Responses</b></p> <p>These interventions aim to teach correct and alternative behavior so students can learn and demonstrate safe and respectful behavior. Teachers are encouraged to try a variety of teaching and classroom management strategies. Teachers should use these responses in a graduated fashion.</p>
	<ul style="list-style-type: none"> <li>• Establish relationships with students</li> <li>• Contact parent via telephone, e-mail or text message</li> <li>• Verbal correction</li> <li>• Reminders and redirection (e.g. role play)</li> <li>• Written reflection or apology</li> <li>• Seat change</li> <li>• Parent or guardian conference</li> </ul> <ul style="list-style-type: none"> <li>• Parent or guardian accompany student to school</li> <li>• Daily progress sheet on behavior</li> <li>• In-class time out</li> <li>• Establish buddy teacher system</li> <li>• Loss of classroom privileges</li> <li>• Teacher or student conference</li> <li>• Detention</li> </ul>

	<p><b>Examples of Suspension and Referral Responses</b></p> <p>These interventions may involve the short-term removal of a student from the school environment because of the severity of the behavior. The duration of the short-term suspension, if issued, is to be limited as much as practicable while adequately addressing the behavior. Staff should use these responses in a graduated fashion.</p>
