

SUPERINTENDENT'S BRIEF

Together, We are the Champions for Children in Poughkeepsie City School District

ISSUE NO 27 | November 11, 2022

VOLUME 4

District honors all of America's veterans

Today our entire country has the privilege of celebrating and honoring the service of our military veterans. We shall never forget that freedom comes with a price.

- There have been many Poughkeepsie high school students and graduates that have paid the ultimate price in securing the freedoms we cherish today - Today they are honored.
- Many more, outside of Poughkeepsie, have also given their lives - Today they are honored.
- Many of us have relatives who supported our families and lost their lives fighting for our country - Today they are honored.
- And lastly, many of us have loved ones that have served or currently serve our country – Today they are honored.

On behalf of the Board of Education, and the entire administrative team, I thank all veterans for your service and the freedoms we appreciate as citizens of this country.

— Dr. Eric Jay Rosser, superintendent of schools

Poughkeepsie City School District

Thank You

VETERANS

HONORING ALL WHO SERVED
