**Questions and Answers:**

**What is Infinite Campus?**
Today, all K-12 school districts use some sort of database system for managing student information and maintaining their records. Infinite Campus is a district-wide student information system designed to manage attendance, grades, schedules, test scores, and other information about the students in the Poughkeepsie City School District.

**What is the Infinite Campus Parent Portal?**
The Parent Portal is a confidential and secure Web site where you can get current information about your child's school attendance and grades.

**How secure is the information contained in the Portal?**
Infinite Campus uses a 32-bit, secure socket layer (SSL) encryption technology to protect information. The technology is similar to that used in other industries such as health care and banking.

**What information is included in the Portal? What do I use it for?**
When you, as a parent or guardian, log-in you have access to information about all of the students for which you are associated. Class schedules, attendance and grades can be viewed. E-mail hyperlinks facilitate communication with classroom teachers. In addition, schools post important information on the home page, such as events, notices, etc. The Parent Portal allows report cards to be viewed online and printed. By using the Infinite Campus Online Parent Portal, the Poughkeepsie City School District provides an online communication tool which can help you as a parent or guardian stay current with your student's progress. From an Internet connection at home, the workplace or any public library, you can view up-to-date information about your student's attendance and grades.

**Who can access the Parent Portal?**
Only parents and guardians designated with legal rights to student records, and Poughkeepsie City School District students, may receive a Parent Portal account. Each parent/guardian with such rights receives their own separate account. Accounts are NOT shared among more than one parent/guardian within households, i.e., there are no "household" accounts in the Portal. Each parent/guardian Portal accounts provides access to information for any student in which the parent/guardian has legal rights to records. The contacts MUST be listed on Infinite Campus for access.
How do I create a user account so I can use the Parent Portal?  
Your child's school provides you with a Parent Portal activation code and instructions to setup your own account for the Parent Portal. The website is located on the PCSD Homepage and on the first page of this Q & A. We recommend you "bookmark" this location after you get your account enabled and working. After you go through the process of creating your user name and password, write them down and keep them in a place where you can refer to them at a later date. The user name and password will allow you to see student information, only for those children for whom you are a parent or guardian.

Yes, as long as you have an internet connection.

Setting up your Page Refresh option provides an updated version of your Campus session when changes are made. For example, when changes are made to a student's report card or discipline record, changes are saved. This procedure only has to be done once.

How do I report problems, comments or suggestions?
If your issue relates to your child's attendance, grades, or other information please start your inquiry with your child's teachers, as you normally would. Your student's school office or counselor is the next step.
